Final Bulletins

Canadians Burn Nazi Supply Ship

LONDON (CP)—A Hudson bomber piloted by Flt. Sgt. E. L. Howey, Exeter, Ont., one of a Canadian coast command squadron attacking two German convoys off the Netherlands coast, scored four direct hits on a supply ship today and left it blazing fiercely. Crew members included Sgt. R. C. Rowe, Vancouver.

The attacks were made at low level despite a terrific anti-aircraft barrage. Howey said that after the bombs hit he saw bright orange flashes and flame.

Living Cost Static

OTTAWA (CP)—The Dominion Bureau of Statistics reported this afternoon its official index of living costs was unchanged April 1 from the March 2 figure of 115.9.

Bank Held Up

MONTREAL (CP)—A lone gunman escaped with "several thousand dollars," following a hold-up of the Notre Dame Street west branch of the Provincial Bank of Canada today.

He forced two clerks into the bank's vaults and locked the door.

Floods Hold Armies

LONDON (CP)—Rivers swollen by the spring thaw were reported tonight to be holding both the Russian and German armies in check along the 2,000 mile battlefront.

For example the River Don, usually a mile wide, was said to be 30 miles across in some places.

Hoist Lawsuit

VANCOUVER (CP)—The \$3,750,000 suit of Frank Creasy, Victoria oil promoter, against nine Vancouver businessmen was adjourned indefinitely in the B.C. Supreme Court. Creasy is suing the nine for damages for alleged breach of a contract to finance him in development of Turner Valley oil properties.

Student Fliers Hurt

CLARESHOLM, Alta. (CP)—A student pilot was seriously injured and a number of airmen suffered minor injuries today when a plane from No. 2 Flying Instructors' School crashed into the side of a barracks at No. 15 Service Flying Training School here.

All those injured are expected to recover.

Pulitzer Prizes

NEW YORK (AP)—Larry Allen, Associated Press war correspondent, today was named winner of a Pulitzer prize of \$500 for "his stories of the British Mediterranean fleet, as an accredited correspondent attached to the fleet."

Geoffrey Parsons of the New York Herald Tribune was awarded \$500 for "his distinguished editorial writing during the year."

A \$500 award for the most distinguished novel of the year was given to "In This Our Life," by Ellen Glasgow.

16 U.S. Fliers Die As 3 Planes Crash

BAKER, Ore. (AP)—State police here were advised today that all occupants of a United States army bomber—two officers and four men—were found to have been killed in a crash 14 miles southeast of here some time Sunday.

Police headquarters here said ambulances were being sent to the mountainous area from Boise, whence the two-motored ship started a routine flight to Spokane Sunday afternoon. It was presumed to have crashed within two hours after leaving Gowen Field.

It was the third bomber crash in the northwest Sunday, costing the lives of 16 officers and men. Two were hurt.

A four-motored flying fortress smashed into mountains, timber near Pendleton, Ore., while attempting an emergency landing, killing six of its eight occupants. Four men died in a bomber accident near McChord Field, Tacoma, Wash.

From Homes to Munitions

TO KEEP THE JAPS IN HOT WATER—Just a pile of discarded water heaters in a Los Angeles junk yard now, but these old tanks will soon be converted into war materials to whip the Japs.

Reds Take 'Victory Oath'

Leningrad Defenders Kill 2,000 Germans

MOSCOW (AP)—Another 2,000 Nazi officers and men have been killed on the Leningrad front, the Soviet Information Bureau announced today in the second successive report of heavy German losses on the siege lines around that northern city.

A communiqué Sunday said 1,500 Germans had been killed there and others captured along with arms and provisions.

Although indications pointed to Russian plans for their own spring offensive, the communiqué again reported "nothing of importance" at the front. It told, however, of one unit at an undesignated point on the 2,000-mile front which drove the Germans from "important communication lines."

One intimation of Soviet intentions was the oath taken by Red army forces Sunday under Premier Stalin's order to make 1942 the year for final defeat of the Germans.

PROGRAM FOR ACTION

"Even more active military operations" were forecast as imminent by Pravda, the official Communist Party newspaper. It called Stalin's instruction that Red army men learn all uses of their weapons "a concrete program for action."

"Special conditions of spring in which floods checked the advance of the Red army undoubtedly will change soon," said Pravda.

FRENCH MOBILIZE AT MADAGASCAR

LONDON (CP)—Officers, non-commissioned officers and reservists have been called up for additional military training and new military measures are being taken by the Vichy French at Madagascar, said a Reuters dispatch today from Port Louis in Mauritius, the small British island 600 miles east of Madagascar in the Indian Ocean.

The dispatch, quoting radio broadcasts from Madagascar, said the men called up would be given at least six months' training.

(This is the first report of reservists being called to service in Madagascar, and follows reports that three Vichy French warships have arrived at the strategic island.)

Australian Fliers Operate in Iceland

MELBOURNE (AP)—Air Minister Arthur Drakeford announced today that R.A.F. pilots are operating in Iceland under United States command.

The Australians are protecting British and Russian supply lines, destroying enemy raiders and contributing in a valuable manner to Allied operations, he said.

Calling German threats of a spring offensive "a jester's tale," the newspaper said: "The Red army will carry on the offensive in the spring."

Southwestern front troops, guarding the approaches to the vital Caucasian oil riches, were reported to have "declared unanimously that their leader's order is a leading star for them in the forthcoming hot clashes with the German Fascist hordes."

Similar meetings of civilians were held near the front lines, including regions in the Orel and Kharkov provinces, where spring reconstruction and planting are under way.

USUAL ENEMY TALK

A half-column Tass dispatch from Geneva reported the meeting of Hitler and Mussolini at Salzburg and discounted the Axis communiqué as "full of the usual phrases about military and political 'co-operation'."

The dispatch quoted Swiss circles as interpreting the meeting as an occasion for Hitler to present "a number of new claims" to Mussolini for additional Italian aid against Russia as well as to discuss future operations in the Mediterranean.

Hitler was represented as promising Italy compensation for its "cannon fodder" at the expense of France. Tass pointed out that Italian propaganda for annexation of Nice has increased.

Kennedy Hurries To Liquor Parley

Possibility of Dominion-wide liquor restrictions, in the interests of war economy, is seen in the hurried departure by plane at the week-end of B. C. Liquor Commissioner W. F. Kennedy for Toronto, where he will meet with the liquor controllers of the other eight provinces and Dominion government officials.

Considerable pressure has been brought to bear in recent months on the B.C. government for shorter hours in liquor stores and beer parlors. Meeting such requests sale of imported whiskies and rums has been restricted and the all-night liquor store in Vancouver closed.

Attorney-General R. L. Maitland, K.C., is also in Ontario, on government business in Ottawa, and there is a possibility he may be consulted in the liquor controllers' conference.

Big Fire in Belgium

LONDON (CP)—A large fire broke out during the week-end near the Eisen station in the Limburg mining district of Belgium and spread rapidly in the direction of Asch and Mechelen, on the Meuse River, the Independent Belgian News Agency reported today.

R.A.F. and Navy Harass Enemy In Middle East

CAIRO (CP)—The R.A.F. ranged out over the Mediterranean and Libya during the week-end, headquarters announced today, while at the same time naval authorities disclosed 1,273,000 tons of Axis merchant shipping have been sunk in the Mediterranean since Italy entered the war.

The latest foray against shipping in Mussolini's "Mare Nostrum" was made Saturday night, in which an R.A.F. plane scored a direct hit on an enemy merchant ship. Other British aircraft attacked shipping in Benghazi harbor, while still others, defending Malta and Alexandria against raids, shot down two attacking craft.

In all the Germans lost three aircraft in the Mediterranean area at the week-end, one over Malta, one over Alexandria and one destroyed by anti-aircraft fire over the western desert.

MALTA RAIDS LIGHTER

A communiqué described the raids on Malta as "on a reduced scale." There were no details announced of the attack on Alexandria, Britain's eastern Mediterranean naval base, except that one enemy plane was destroyed by night fighters and others were damaged.

Land fighting in Libya was on a small scale, headquarters indicated. It summed up Sunday's operations by saying:

"Some small groups of enemy vehicles and enemy working parties were dispersed by artillery fire from some of our columns."

The Italians earlier had claimed that light British forces were dispersed by artillery fire while Axis planes and artillery attacked British troops concentrations and lines of communication.

GERMAN STATEMENT

The Germans announced a raid on Alexandria, but gave no claims of results.

An official statement issued at Alexandria on Axis shipping losses said the Royal Navy and the R.A.F. during the first four months of this year sank 147,000 tons in the Mediterranean compared with 715,000 tons for the whole of 1941.

Eight other ships totaling 32,000 tons have probably been sunk, and 25 more, totaling 132,000 tons, have been damaged. The figures account for operations to April 30.

Italy entered the war June 6, 1940, and by the end of that year 411,000 tons of Axis shipping had been sunk in the Mediterranean, the statement said.

Model Ripple Rock

VANCOUVER (CP)—W. G. Mackenzie, president of British Columbia Bridge and Dredging Co., which was awarded the contract for the removal of Ripple Rock, said here today that a model of the navigation menace will be built and placed in a miniature Seymour Narrows for experiments before the actual work is started.

Italian Sub Sunk

ROME (From Italian Broadcasts, AP)—The Italian high command announced today an Italian submarine was overdue at her base and must be considered lost.

NEW BREAD—This is Dr. L. H. Newman, Dominion cerealist, Ottawa, who, after years of research, produced the type of bread that is said to be best suited to Canada's wartime needs. It is known as the "Canada Approved Vitamin B White Bread," and contains four times as much vitamin B as standard white bread.

Chinese Battle Fiercely To Stem Onrush of Japs

British, U.S. Bombers Blast Enemy Positions

NEW DELHI (AP)—A smashing attack by British Blenheim bombers was made on a concentration of Japanese barges moving up the Chindwin River in Burma and direct hits were made on the boats, an R.A.F. communiqué announced today.

The attack was made this morning in the face of a heavy anti-aircraft fire, a communiqué said, but all the bombers returned to their bases.

Sunday night United States army bombers attacked docks at Japanese-conquered Rangoon, a communiqué stated today. Fires were started by their explosives.

The communiqué announced enemy activity was "fairly extensive." Akyab, on the west coast of Burma, only 300 miles airline southeast of Calcutta, was raided by enemy aircraft. "Full details of the damage are not available but it is believed to be slight," the communiqué said.

British Withdraw To New Position

CHUNGKING (AP)—Chinese troops fought fiercely through the night 60 miles up the Burma Road from Lashio to stem the Japanese driving toward China proper, while the British on the Allied flank before India dropped back slowly to prepared positions, a Chinese communiqué said today.

The Japanese thrusting up the once-great supply line to China continued to advance "in an attempt to attack Chinese positions near Kutkai," the Chinese communiqué said.

Kutkai is 40 miles from Yunnan province, but the Japanese, adept with encircling tactics, might conceivably be much closer to China.

One column which attempted to flank the Chinese positions was repulsed, the Chinese said officially.

Fighting continued in the Monywa area of the Chindwin River valley, where another Japanese column had driven to within 100 miles of India.

Chinese forces were slowly falling back along the Irrawaddy River north of Mandalay.

Chinese Face Heaviest Attack

LONDON (CP)—A British military commentator said today two main Japanese advances

72 Hollanders Slain By Nazis

LONDON (CP)—The German-controlled Hilversum radio in Holland said today that 72 Hollanders had been executed for "attempting to gain contact with Germany's opponents."

MURDERS IN FRANCE

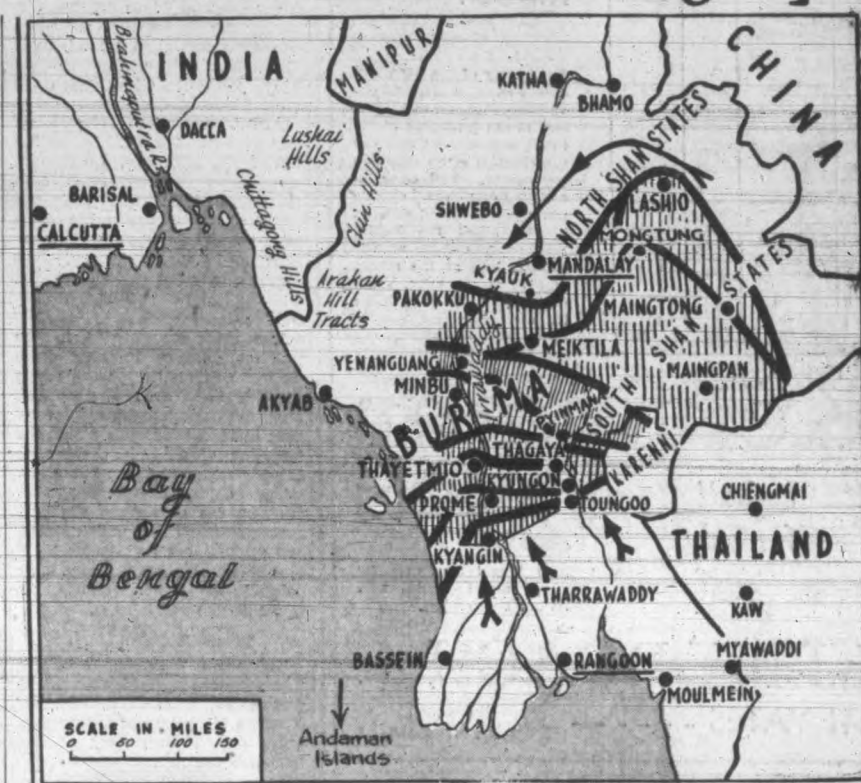

BERNE (AP)—Ten hostages have been executed in Lille, France, 50 others have been deported and very serious general restrictions will be taken against the population of that German-occupied city in reprisal for the assassination of a German soldier there April 30, it was reported today.

(Private advices reaching New York said 55 French hostages have been executed in Lille by the Germans but no details were given. That total brought to at least 77 the number of Frenchmen known to have been executed by the Germans.)

The Swiss Telegraph agency, quoting information in the newspaper Grand Echo du Nord, said the executions and deportations took place April 30.

The newspaper also was quoted as saying the German colonel commanding the district announced that additional hostages would be shot and more deported if the guilty persons were not identified within 10 days from today.

Seventy-two cafes and shops in Lille have been closed,

STAGES IN BURMA BATTLE—Map shows how Japanese moved up from Rangoon to present position menacing China a few miles north of Lashio.

were developing in Burma—the first up the Burma Road toward Chungking, 700 miles away; the second up the Chindwin River and valley in pursuit of the battered army of Gen. Sir Harold Alexander, which bars the route to India.

The Chinese troops operating along the Burma Road face the heaviest enemy assault of the campaign, an informed source said.

This source declared the "danger is not only from the Japanese on the Burma Road but from elements in China who are will-

ing to collaborate with the Japanese new order in Asia."

The situation along the road may speedily become desperate, he said, since "operations in Burma have slowed supplies to China and sapped the strength of the Chinese army."

Forces Cover British Move

The military commentators said the British army was fighting successfully around Monywa, a town which lies on the Ye-U Mandalay railroad just east of the Chindwin River and 60 miles west of Mandalay. This force is protecting the British forces who are withdrawing to the north to protect routes to India from Kailin and Mawlaik.

British troops disposed of Japanese units in this action around Monywa, he said, and now are mopping up Burmese who fought with the Japanese.

There is a third Japanese advance aligned with those up the Burma Road and the Chindwin Valley—a push along the Irrawaddy which seeks to flank the British from the north.

5 of 30 Nazi Raiders Bagged

24-hour Bombing Resumes, Hamburg, St. Nazaire Hit

LONDON (CP)—The R.A.F. resumed its incessant pounding of German aerial bases in occupied France today, the high-flying squadrons roaring across the Channel which a few hours earlier had heard the engines of night bombers returning from smashes at the submarine base of St. Nazaire.

Le Havre was the objective of the daylight thrusts by fighter squadrons and Boston bombers. In fierce air fighting that developed over the French Channel port five German fighters and a bomber were destroyed, with three R.A.F. fighters lost.

German Port Pounded, Fires Started

Hamburg, great German port on the Elbe River, and St. Nazaire were the main targets of bombers which Air Marshal Arthur Harris, commander-in-chief of the bomber command, sent forth late Sunday in continuation of the time-table night attack on the enemy.

Large fires were left burning in Hamburg, pounded for the first time since the night of April 17, when a strong force of formidable bombers—Stirlings, Wellingtons, Manchesteres and Hampdens—spread many fires. Selection of the port and naval base as a target underlined Britain's growing effort to keep Nazi seapower crippled and landlocked.

Of the raiding force, which also struck at airfields in the Low Countries and northern France and at shipping off Norway, and which was officially described as "strong," five bombers were lost. Sqdn. Ldr. J. A. F. MacLachlan, one-armed fighter pilot who accompanied the night bombers over northern France, surprised and shot down two Heinkel

BOMB-BATTERED BATH—Pausing in the job of clearing bomb-battered Bath, a British Tommy sits for a spot of tea while the rescue work goes on behind him. Their Majesties visited the wrecked resort town while this debris was being cleared.

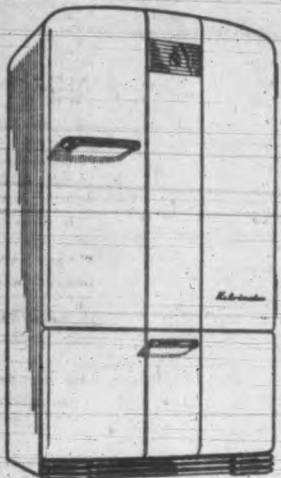

bombers, while at home Britain's defenders destroyed five planes of a German raiding force.

As about 30 Nazi aircraft carried out their night operation, aimed at the cathedral city of Exeter, the R.A.F. had a bag of almost 25 per cent—a figure regarded as prohibitively high unless the utmost importance of the attack is considered. A Polish pilot bagged two in Exeter raid. Another German plane was listed as probably destroyed.

Summing up the work of British night defences in the last two weeks, informed sources said 35 German planes were destroyed out of 263 estimated as participating in the raids on Bath, Norwich, Exeter and other coastal areas.

"The real total undoubtedly is much higher because many more were badly damaged and almost certainly never got home," one source said. "For example, we claimed nothing on the night of April 29 but the Germans themselves admitted losing three that night."

Up-Island Towns Stage Blackout

NANAIMO (CP) — Vancouver Island's east coast communities underwent a three-hour blackout practice Sunday morning calling into play all arms of the air raid precautions organizations in the biggest such manoeuvre yet carried out on the island.

The practice warning "red" signal was flashed at 4.34 a.m. and A.R.P. units in the 115-mile area from Duncan to Oyster River swung into action. A survey revealed that in the practice area 15 miles inland from Tidewater, only a few villages were without organization to meet blackout conditions.

A.R.P. units in Courtenay, Cumberland, Comox, Qualicum, Parksville, Nanaimo, Ladysmith, Chemainus and Duncan-North Cowichan took part. Various arms of the organization dealt with "bombing casualties" explosives, and demolition work. Fire auxiliaries went to work with training pumps supplied by A.R.P. authorities.

The army co-operated in the practice, moving infantry units by bus and artillery units along the island highway. Engineering and ammunition squads also took part in the manoeuvre under the direction of Maj. N. Kingsmill, brigade major at Camp Nanaimo.

The blackout warning was sounded by a variety of local systems—fire bells, police sirens and ambulances and lookout observed the blackout from high points in the forest. The all-clear was sounded at 7.37 a.m.

Where It Came From

The word "vaudeville" originally meant a sprightly song. It was derived from Val de Vire, the Norman birthplace of Oliver Basselin, gay French poet of the fifteenth century.

19 Nippon Planes Bagged at Week-end

New Jap Moves Indicate Drive on Australia Near

By C. YATES McDANIEL.
UNITED NATIONS HEAD-QUARTERS, Australia (CP)—A Japanese reconnaissance force has withdrawn to its original base at Lae in New Guinea after a 27-mile penetration up the Markham Valley in search of air-drome sites, but another enemy column held its position 15 miles south of nearby Salamaua, Australian dispatches said today.

Neither column had been opposed by United Nations regulars although guerrillas possibly were operating in the region on the northern side of the mountain-ribbed island, which lies across the narrow Torres Strait from Australia.

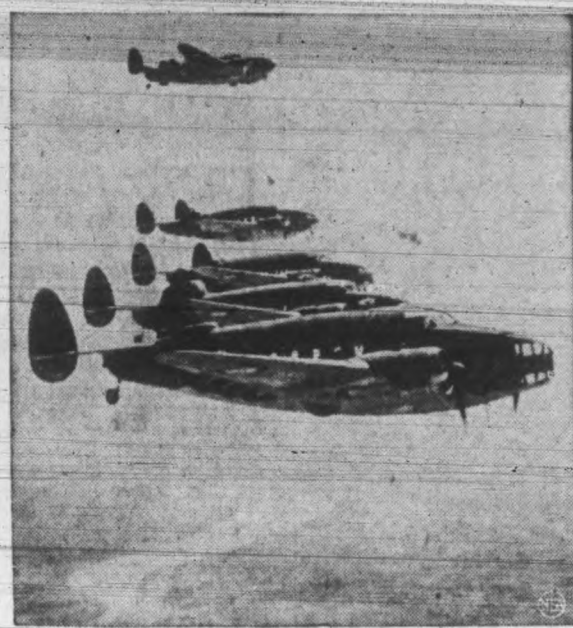

Floods Foiled Japs On First Advance

The withdrawal was not explained. It was the second Japanese penetration to Nadzab, the first having been turned back by floods about five weeks ago.

The Japanese advance south from Salamaua put the enemy within 165 miles of strategic Port Moresby on the south shore of New Guinea. Heavy jungle terrain, studied by untracked mountains which rise as high as 8,000 feet, separate the Japanese from the Allied advance base.

Despite the favoring terrain, the United Nations kept sharp watch for a possible overland drive against Port Moresby.

The Japanese traveled 27 miles up the valley from Lae to Nadzab, but later retired to positions around Lae.

SWARMING TO SWAT JAPS—Royal Australian Air Force bombers cruise over Darwin peninsula, the island-continent's northern point. Here air superiority has been wrested from Japs.

three Japanese bombers and one fighter from a formation of 12 enemy bombing planes and eight Zero fighters Sunday in another of the frequent air attacks on Port Moresby. Allied losses were light.

Another 15 Japanese planes were shot down in other scattered battles during the week-end, headquarters reported.

Summing-up dispatches from the southern Pacific war front, the Canadian Press said today the new penetration of invasion units inland across New Guinea was timed with increased Japanese air raids on Port Moresby and suggested the Japanese might be ready for the big struggle for control of the important south coast of New Guinea.

across the Coral Sea from Australia.

On both fronts there were indications that defence forces were being marshaled for stiff resistance.

An Australian war correspondent who reported the advance to Nadzab suggested it was for reconnaissance only in the inland area where the Japanese might hope to set up advanced airfields closer to Port Moresby. There was no contact between the Japanese forces and Allied troops.

The Japanese may attempt to get advanced airfields on the southeast-tongue of the island north of Australia or may try eventually to push through the formidable mountains separating their north coast bases at Lae, Salamaua and Finschhafen from Port Moresby on the south coast.

19 Japanese Planes Downed in 2 Days

That the Allies are not taking chances of a Japanese threat to their vital defence outpost either by land or by combined land-sea attack is evident, however, from the scope of their week-end air activities.

On the defensive, a communiqué said today, they bagged

CBC Commentator Says

Germans May Attempt 'Smashing Blow at Britain'

LONDON (CP)—A CBC commentator, analyzing Hitler's Reichstag speech of April 26 as an Axis-concocted "army game" designed to screen bold strategic moves, said Sunday Germany "may attempt a smashing blow at Britain any time now—perhaps tonight."

The commentator, Bob Bowman of Ottawa, said in the CBC's "Canadian news review" broadcast a Berlin-dictated invasion attempt may be "the big story behind the news" this week.

Bowman, recently returned to Britain, declared talks with the managing editor of a British newspaper convinced him that when Hitler "stood up and hinted at impending defeat" in his Reichstag speech, he was "only trying to pull the wool over our eyes." Bowman did not identify the British editor.

"It's just the old army game," he said.

Germans Claim British Ships Sunk

Associated Press

The German high command said today that in operations off Europe's far northern coast German warships, submarines and planes fought a running battle "for days on end in storm and high sea and ice" against strongly guarded Allied convoys along the supply line to Russia.

With the Allied account of the sea fight yet to be told, the Germans hurried in first with their version, which claimed that during the attacks a 10,000-ton British cruiser was sunk by a submarine and six of the convoyed ships, totaling 37,500 tons, were sent to the bottom.

Several destroyers and four supply ships were damaged in the attacks, which involved more than one convoy, the German version said.

A submarine commanded by Capt. Teichert was credited in the German account with two torpedo hits on the cruiser, "which was left stationary and later sank."

"The German destroyer flotilla accepted battle with a superior force of enemy destroyers of the escort and damaged several enemy destroyers," the high command said of the naval engagement.

One German destroyer suffered "serious damage."

Fleeing Burning Home Vancouver Man Injured

VANCOUVER (CP)—Condition of Roy J. Hyndman, Vancouver insurance man, was reported fairly good today in the North Vancouver Hospital, where he is recovering from serious injuries suffered Saturday when he slid 30 feet down a blanket to escape from his burning waterfront home in West Vancouver.

Hyndman was found on his lawn in a semiconscious condition by Constable Frank Colpitts, who discovered the blaze and shouted a warning. Hyndman had tied a blanket to his bed and attempted to slide to the ground, but the makeshift fire escape broke loose and he fell to the lawn.

'Tide Has Turned' Bevin Reports

LONDON (CP)—Labor Minister Ernest Bevin said Sunday night Britain "is already working out plans for the establishment of other fronts," the BBC reported. "The tide has turned and equipment now is on our side," Mr. Bevin said. "We can begin now to plan how, when and where the initiative shall be taken."

R.A.F. Bombers Boost Government

LONDON—Recent aggressive air action by the R.A.F. over the continent has apparently met with the wholehearted approval of the British public, whose satisfaction with the government's conduct of the war has risen markedly since March, latest survey by the British Institute of Public Opinion (Gallup Poll) shows.

Surveys on this topic were made in June and November, 1941, and in March and April of this year. In all cases the question was the same: "Are you satisfied or dissatisfied with the government's conduct of the war?"

Here is the trend:

	Satisfied	Dissatisfied	Undecided
June, 1941	65	28	7
November, 1941	68	26	6
March, 1942	72	24	4
April, 1942	74	22	4

A simultaneous survey shows that more than 8 of every 10 Britishers remain in approval of Winston Churchill as Prime Minister—a far greater ratio than in the case of the war effort. The question asked was:

"In general, do you approve or disapprove of Mr. Churchill as Prime Minister?"

British M.P. Dies

LONDON (CP)—Patrick Munro, 58, the last M.P. to speak in the Commons chamber before it was wrecked by German bombs a year ago, died Sunday while participating in a Home Guard exercise in Westminster. His wife was on Red Cross duty nearby. Munro, one of the greatest rugby players who ever sat in the House, was a Conservative and represented Llandaff and Barry, Glamorgan.

Quebec Not to Relax

MONTREAL (CP)—Brig. Gen. E. de B. Panet, officer commanding Military District No. 4, said in an address here Sunday that Quebec province's "no" vote in the Dominion manpower plebiscite last week "does not mean that French Canada will relax the full co-operation it has already given to the voluntary system of enlistment."

Pneumatic life rafts, carried in planes for emergency water landings, contain 29 pounds of rubber.

CORNS GO FAST!

Oh! What Relief!

Relief Costs But a Few Cents

The instant you use Dr. Scholl's Zino-pads, tormenting shoe friction stops; aching pressure is lifted; quick relief comes. These soft, soothing, cushioning pads ease tight shoes; prevent corns, sore toes, blisters. Separate Medications included for speedily removing corns. Cost but a few cents a treatment. Ask for and insist upon the genuine Dr. Scholl's!

Gallup Poll

Drastic Inflation Curb Given Wide Approval

PRINCETON, N.J.—President Roosevelt's program for economic controls to curb inflation is closely in line with public sentiment, but does not go as far as the public is willing to go.

The majority of voters in the nation are not only in favor of price control but, in line with the President's expressed hope that wages could be "stabilized," they would accept a wage-freezing program if combined with price-fixing. No legislation to fix wages is called for in the President's message.

While wage-fixing is being debated in the United States, both Canada and Australia have had actual experience with a system of combined wage and price control. The programs have not only proved effective in curbing inflation in those two countries, but have likewise met with the overwhelming support and approval of public opinion.

Nearly seven out of every 10 voters in Canada approve of the Canadian price-wage fixing law, and in Australia a similar measure is approved by more than 80 per cent.

The reaction of the people of the United States, Canada and Australia to anti-inflationary controls has been measured by three affiliated polling organizations.

News From Canada

McNaughton, Troops Laud New Army Paper

SOMEWHERE IN ENGLAND (CP)—As generals and brigadiers waited outside his door, Lt. Gen. A. G. L. McNaughton took time out at the start of a busy morning of conferences today to read "The Canadian Press News," new weekly paper for Canada's overseas troops.

"The Canadian Press News will fill a need that has long been felt by members of the Canadian army overseas for closer contact with the homeland and news of what is going on," Gen. McNaughton said.

"I particularly appreciate the trouble taken to print French-Canadian news in French and we are all very grateful to the C.P."

The general was away all week-end. His copy, first of 30,000 printed in London press, was waiting on his desk when he arrived at army headquarters this morning.

WELCOMED BY MEN

Troops at Canadian army and 1st Corps headquarters were first to receive the paper during the week-end. They read it over one another's shoulders and pronounced an enthusiastic welcome to the four-page tabloid-size budget of home news.

The bulk of the 30,000 copies, distributed free of charge among the Dominion's fighting men, was delivered today.

The first few hundred copies arriving at army and 1st Corps headquarters were quickly

Congress Decides Not to Fight

Hindu Leader Quits Party; Urges Battle

BOMBAY (CP)—Chakravarti Rajagopalachari, former president of the All-India Congress Party, called today for a new national front, a new national policy and a national army to combat the threat of Japanese invasion.

Rajagopalachari made his appeal in an interview in which he condemned as futile the policy of "nonviolent nonco-operation" which the Congress, India's dominant political party, recommended in a resolution Saturday.

Rajagopalachari, who resigned from the Congress working committee last week, said: "I am now free to hold views differing from those of the working committee and say the official policy of the Congress does not meet."

That policy, he said, is merely one of "pointing out the faults of the British and other parties, plus a policy of war neutrality against Axis aggression."

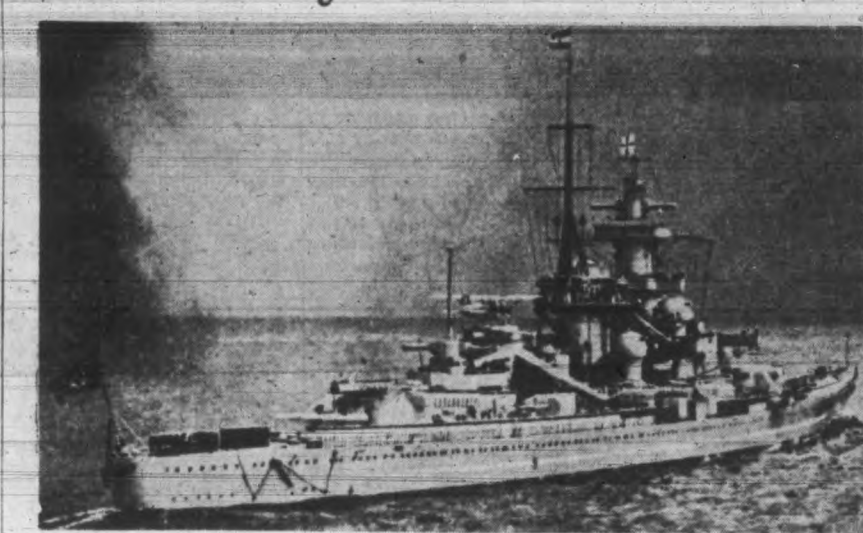

"I must therefore work to make the Congress change its policy," he added. "I must cultivate public opinion, so that policy depends on public opinion."

"And since I realize I cannot achieve anything by personal negotiations with the Moslem League, I must convert the people of India to co-operation with the Moslems."

Rajagopalachari said that "even an unarmed national army" would be better than the measures urged by Congress Party.

Hitler's Sea Strategy Balked

Scharnhorst, Gneisenau Definitely Out of Action

GNEISENAU

J. WES GALLAGHER

LONDON (AP)—The elusive German battleships Gneisenau and Scharnhorst and the heavy cruiser Prinz Eugen are definitely out of action and must undergo extensive repairs, British authorities announced at the week-end. A heavy blow has thus been struck to Axis hopes for simultaneous world-wide attacks against the fleets of the United Nations.

Breaking the reserve they had shown since the three ships challenged the Royal Navy by sailing through the English Channel in February, the Admiralty and the R.A.F. said the Nazi warships had been grievously hurt by torpedo and bombing attacks in the channel fight, by mines laid by British planes and by British submarine action.

The joint announcement after the previous reserve was taken to indicate that knowledge of the damage was absolutely certain, and that the ships would not see action for a long time.

Instead of the formidable armada of six powerful warships ready for a smash at the British and United States fleets, Hitler now has, according to the best available reports, only three warships at Trondheim, occupied Norwegian port, ready for a fight. These are the battleship Tirpitz, 35,000 tons, the pocket battleship Admiral Scheer, 10,000 tons, and the Admiral Hipper, sister ship of the Prinz Eugen.

Scharnhorst at Kiel Heavily Bombed Port

The announcement said the Gneisenau is at Gdynia, former Polish port, the Scharnhorst in the dockyard at Kiel. German naval base which the R.A.F. has pounded extremely hard, and the Prinz Eugen at Trondheim.

Reports from Norwegian sources said the Prinz Eugen had been grounded by the stern to keep her afloat.

In brief, Britain gave this account of what happened to the three ships after they dashed from Brest, Feb. 11:

The trio, object of many raids by the R.A.F. during their stay in the occupied French port, sailed in an effort to concentrate with other German surface ships at Trondheim.

On Feb. 14 the Germans announced that the battleships had left their base on the Atlantic supply route for "further operation duties"—but more than two months later aerial reconnaissance by the R.A.F. has established

lished that both the powerful ships are still in dockyard. The Gneisenau is severely damaged along "the whole length of her forecastle and needs extensive repairs."

In addition to the damage suffered during the attempted concentration in the channel battle in February, it is probable "that further damage was caused by mines laid by our aircraft."

Liner, Depot Ship Ablaze After Raid

"It also seems probable that both the Scharnhorst and Gneisenau received additional damage between Feb. 25 and Feb. 28 during our bombing raids on the dockyard at Kiel. During these raids a liner used as a naval depot ship was also set on fire."

The Prinz Eugen made it safely to Germany but later, on her way to Trondheim, was attacked off Kristiansund, Norway, by the submarine Trident.

"Though not sunk, it was evident that she was severely damaged. Reconnaissance has also shown that though she did reach Trondheim, the after part of this enemy cruiser needs very considerable repair."

The communique did not take into consideration any damage which might have been done to the Scharnhorst and the Prinz Eugen by heavy R.A.F. attacks on Kiel and Trondheim late in April.

The knocking out of three of Hitler's most powerful ships threw a monkey wrench into any plans he might have had to put his battleships into the North Atlantic in an attack on the Allied supply line to northern Russia.

Many naval experts have been expecting Hitler, Mussolini and Premier Gen. Hideki Tojo to order their combined naval forces into action simultaneously this spring in a move co-ordinated with a German land attack in Russia.

Scheme Extended Around the World

Under this plan, while Hitler attacked in the North Atlantic, the Italian fleet would engage the British and American Mediterranean forces and the Japanese would drive into the Indian Ocean and toward Australia in the Pacific.

"Such an effort would strain the Allied Nations' sea power to the utmost," one source conceded, "not to mention the havoc it might cause to the supply lines to Russia, the Far East and Australia."

Even though the British and

United States navies must keep powerful units on watch on the ships at Trondheim, the potential striking power of the Axis has been greatly reduced and the strain eased in the event of any such combined attack, well informed sources agreed.

Although the amount of damage on the Prinz Eugen was not mentioned, these sources said a torpedo hit on the after part of the vessel, which was believed delivered by the Trident, would mean a dockyard job and there are no such facilities in Trondheim.

"She probably will have to be patched up temporarily and taken to Germany for repairs," one source said.

County Court Doyen Passes

Judge H. E. A. Robertson, 71-year-old jurist who entered legal practice in British Columbia in 1893 and eventually became senior county court judge in the province, died here Sunday after an illness of some weeks.

A native of Victoria, he was the son of Hon. Alexander Rocke Robertson of the Supreme Court of British Columbia. He was educated here and at Collegiate Institute, Chatham, Ont., where his mother moved after the death of his father in 1881.

Judge Robertson studied law at Osgoode Hall and returned to Victoria in 1893 to practice. In 1915 he was appointed County Court judge in Cariboo County, making his home in Prince George, B.C.

In 1898 he went to the Klondike, returning to Vancouver in 1903, remaining in practice there until his appointment as County Court judge for the Cariboo.

Surviving are his wife, a sister of Col. H. S. Tobin of Vancouver; three sons, John S. of Calgary, Seymour and Hal with the forces; and four daughters, the Misses Jean and Adelaide of Vancouver, Miss Elizabeth Robertson and Mrs. Joseph Barnes of Victoria.

Dr. Herman N. Robertson, Victoria, and Dr. A. Rocke Robertson, Soap Lake, Wash., and Mr. Justice H. B. Robertson of the Supreme Court of British Columbia, Victoria, are brothers.

Funeral services will be conducted Tuesday at 10:30 by Rev. George Biddle in St. John's Church to which the remains will be removed from Hayward's Funeral Parlors.

Swedes May Free Canadian Airman

LONDON (CP)—A Canadian airman reported to have reached the Swedish frontier after he was shot down during the R.A.F. raid on Trondheim last Tuesday was identified today as P.O. D. P. Macintyre of East Saint John, N.B.

He was among nine airmen who reached Sweden after three days and nights plowing through the Norwegian mountain snows. It was at first thought a Pilot Officer Hewitt in the party also was a Canadian but the records showed otherwise.

Macintyre's next of kin is his mother, Mrs. A. W. Macintyre of East Saint John.

The fliers were members of two bomber crews. Swedish newspapers described their exploit as "almost superhuman" because the Norwegian mountain valleys at this time of year are "almost impassable."

The London Daily Mail said the fliers were interned at Falun in central Sweden and that there was a possibility they might be released if it could be established they were "escaped prisoners of war."

Prominent Fascists Put to Death

MOSCOW (AP)—The Soviet Information Bureau in a supplement to its Sunday night communique said that "at the end of April many prominent representatives of the Fascist Party were arrested and shot in Italy."

The bureau added: "It is believed the arrested persons opposed the dispatch of Italian troops to the Soviet-German front and demanded immediate withdrawal of Italy from the war."

Danish Prime Minister Dead in Copenhagen

BERLIN (From German Broadcasts, AP)—Thorvald Stauning, 68, Premier of Denmark, died in a Copenhagen hospital Sunday.

For some time, he fell last Thursday and was taken to a hospital. He became unconscious Friday night and remained in that condition until his death.

King Christian appointed Finance Minister Orla Buhl to succeed Stauning. Buhl will retain his financial post also.

Stauning was a Danish politician who rose from leadership of a cigar workers' union to serve as prime minister of the government of King Christian for almost two decades, including two years under German occupation. An injury to his hip recently recalled that he fractured his left leg in an accident aboard the yacht Nordsee Sept. 3, 1937.

'People's Charter' For Post-war World

MANCHESTER, Eng. (CP)—The Archbishop of Canterbury outlined a broad, postwar "people's charter" to improve the lot of the common man.

Speaking Sunday, he said the aim of this program would be better housing, equality in education, adequate leisure for personal and family life, universal recognition of holidays with pay and a "wisdom pool" through which views and experiences of all sections of a community could be exchanged.

The Archbishop also advocated wider appreciation of the view that labor is a partner in industry as much as management and capital.

BUSY YEAR AHEAD FOR CANADA ARMY

OTTAWA (CP)—Defence Minister Ralston launched a series of weekly broadcasts Sunday entitled "Your Army" with the declaration that 1942 "will be the busiest year in the history of Canada's army."

"The Canadian army both here and abroad has a heavy task ahead," he said in his speech over the CBC's national network. "Canada must be defended within and without."

"We are strengthening our defences in this country in every possible way and we shall keep on doing so."

"But there would be no safety for us if we just hold the enemy and don't beat him. Every country that has stood behind its defences in this war has sooner or later been attacked, and we are not waiting until he gets to our front door."

The 1st Canadian army overseas—first army in the true military sense of the term Canada ever had—was being established in the United Kingdom. It stood against "the greatest peril which faces us in this war—the loss of the British Isles." But the overseas army was also training to attack, learning new operations of every conceivable type.

Col. Ralston said he thought the overseas army would have the highest proportion of armored troops of "any army in the world."

Two new divisions were being organized in Canada. Special defence measures were being taken on both coasts and the reserve army had been given a more definite role in army organization.

"Now, there," Col. Ralston said, "is a program that doesn't give any room for the complacency you hear so much about. It will keep everybody hustling."

TO JOIN C.C.F.

KITCHENER, Ont. (CP)—The Shoe and Leather Workers' Organizing Committee in annual convention Sunday passed resolutions favoring aligning the organization politically with the C.C.F. and urging closing of all Canadian gold mines and transferring mine employees to other industries.

Charles F. Millard of Toronto, the chairman, told the organization, a Canadian Congress of Labor affiliate, that he was reluctant to suggest political action, but declared the "time has arrived when we must take such action."

Delegates then voted unanimously in favor of authorizing the committee "to investigate the possibilities of direct political action through affiliation with the C.C.F."

Such political action "is not binding on individual members," Mr. Millard said, but would "bind the C.C.F. to pay attention to us and make representation on our behalf."

Delegates were told that a C.C.F. move was under way to force by-elections for six vacant seats in the Ontario Legislature and this step might be a forerunner of a provincial general election.

Are You This Fellow?

PIN HIGH HOPES ON MENNONITES

British Columbia woods and parks will gain a great deal when the Mennonites get working in a few weeks, Hon. A. Wells Gray, Minister of Lands, said today.

First of the Mennonites arrived at Green Timbers Saturday. This week the first group will come to Vancouver Island and will be quartered at Cowichan Bay, Mr. Gray said. The next island group will be stationed at Campbell River.

"We have a great chance this year," the minister said. "The men will build trails, remove snags and generally clean up the woods, as well as improving the parks. They're good workers, these men and we have high hopes."

The Mennonites, about 700 in all, have been banded to B.C. "for the duration." All are conscientious objectors. They will be paid 50 cents a day and provided with food and shelter, but must buy their own clothing. Ottawa will pay the wages and give the government extra allowances for food and shelter.

Inviting Trouble

FOLLOWERS OF MR. GANDHI AND MR. NEHRU in India, some 240,000,000 of them, were instructed on Saturday by the All-India Congress party's working committee to resist any invasion with "nonviolent non-cooperation." The world is informed that it could only take that form because the British government had prevented the organization of national defence by the people in any other way. However, say the Nationalist leaders, "we may not bend the knee to an aggressor nor obey any of his orders."

The men who have overrun British, American and Dutch territory in the southern Pacific, who are now at the gates of India and at China's backdoor, who are presumably preparing either for an all-out attack on Australia or the land of the Gandhis, the Nehrus and the Jinnahs—or both—will have welcomed the decision of the All-India Congress with loud chuckles and high glee. Nippon's soldiery and its diabolically modern paraphernalia of war have met various kinds of resistance during the last five months; but this latest pronouncement from the great subcontinent on which Japanese imperialists for long have been casting covetous eyes surely will have staggered them by its sheer ingenueness. Should the enemy succeed in penetrating India proper, of course, the atmosphere created by Saturday's decision would be productive of first-class Fifth Column activities.

Perhaps it would be foolish to take the Congress party's resolution too literally. There must be elements at work within that organization that are under no illusion. One of the first reactions, for example, is the call for a new national front, with a new national policy, and a national army to combat the threat of invasion which is obviously imminent. This comes from Mr. Chakravarti Rajagopalachari, a former president of the All-India Congress, who condemns as utterly futile any policy of "nonviolent non-cooperation." He resigned from the working committee last week and is now free to advocate his own views, which, in short, urge the whole nation to get together "to face current difficulties which the official policy of the Congress does not meet." Mr. Rajagopalachari has this to say about the minority party: "Since I realize I cannot achieve anything by personal negotiations with the Moslem League, I must convert the people of India to co-operation with the Moslems." He adds that "even an unarmed national army would be better than the measures urged by the Congress Party."

Viewed from any standpoint, the political situation in India cannot be improved by a continuation of the habit of calling one another names, but if the party dominated by Mr. Nehru and Mr. Gandhi persists in its present attitude—which is tantamount to a stand of strict neutrality against Axis aggression—the task of the Japanese will be considerably simplified, and that of the United Nations proportionately hampered. This is no time for any form of political blackmail.

More Commandos?

THOSE STUDENTS OF MODERN WARFARE who are entitled to be regarded as experts have argued for some time that until the United Nations have complete control of the air over western Europe, namely, sufficient supremacy to provide ample protection for a large-scale invasion by land, preparations for the establishment of an active second front will be largely the task of the commandos. Nor is this intended to discount the effectiveness of the numerous daring raids already carried out. On the contrary; not only have such operations as those against the Lofoten Islands, St. Nazaire, Boulogne—and others of which the public has heard nothing—created a growing nervousness in the enemy's camp, they have unquestionably provided the allied board of strategy with invaluable information on the weak points of Nazi defence. Their success in itself emphasizes an arithmetical fact—that not even the vast volume of manpower Germany has at her disposal is large enough to permit more than a comparatively thin line to guard that stretch of coast between the North Cape and Cape Finisterre.

What is hoped for and expected, however, is that one of these days several co-ordinated commando "task forces" will establish a base of sufficient strength and over a sufficient area to permit landings of men and materials in volume, to strike, dig in, and solidify the gain into a bridgehead. Such an operation naturally would demand an aerial "umbrella" to cover the initial sea crossing and to prevent serious interference with the stream of supplies essential for rapid development of the action. Prospects of success for a manoeuvre of this character would be enhanced by the assistance of the inhabitants. Invasion by the United Nations, whether it be of Norway, Holland, Belgium or of France, means to those millions of unhappy folk the beginning of their deliverance from the tyranny and enslavement which Hitler and his Gestapo imposed upon them after Dunkerque and Petain's capitulation. And none better than the Fuehrer realizes what demands on men and material—now sorely needed in Russia—would follow the opening of a new front in the west.

Indian Arts and Crafts

ELOQUENT OF THE PROMISE FOR THE future is the fine exhibition of original paintings and other works of art executed by the Indian children of British Columbia and now displayed for the edification of the public at the Provincial Museum. This represents convincing proof of the value of the encouragement which in recent months has been extended to these youngsters to employ their creative talents to record in visible form the more fascinating and informative history and folklore of their ancient race. These are reflected in intriguing interpretations of tribal stories which take form in totem poles, drawings and embroidery.

No reference to this exhibition would be complete, however, without a compliment to the teachers in the Indian schools of the province, who have patiently coached their young charges. Not a few of these devoted public officials have spurned more lucrative positions, preferring to remain in a field of service which inspires and interests them, not only from the purely humanitarian point of view, but also because it gives them scope and opportunity to train their pupils in the most valuable art of all—that of becoming intelligent Canadians in the full enjoyment of their rights as citizens.

Last, but not least, the Victoria Committee for the Furtherance of B.C. Indian Arts and Crafts is to be commended for its enterprise in bringing the work of the Dominion's wards to the attention of our people. Those who have imagination may be able to visualize from a study of these exhibits the day when this form of native genius will take its proud and deserved place in the art galleries of North America.

They Were Crippled

AFTER ALL THAT HAS BEEN SAID about the "escape" from Brest of the Scharnhorst, Gneisenau and Prinz Eugen, it is satisfactory to learn from the British Admiralty and Air Ministry that these three formidable units of the Nazi navy are destined to be out of commission for some time to come. Photographs taken from the air disclose that the Scharnhorst is in a badly crippled state at the Polish port of Gdynia, the Gneisenau at Kiel, and the Eugen at Trondheim, the latter apparently having suffered considerable damage through torpedo attacks—and possibly by the explosion of British mines laid in enemy waters.

Other Nazi ships are reported to be awaiting a favorable opportunity to break out into the north Atlantic from their bases along the Norwegian coastline. By another token, battle craft of the British and United States navies are also alive to the necessity for vigilance to prevent any further interference with the supply lines to northern Russian ports. Continually growing air strength, moreover, should help to reduce the possibilities of another surprise by German Admiral Raeder's lurking battleships. But the danger still remains.

Wartime Vacations

THE SUGGESTION IS BEING MADE that people this year stagger their vacations more than has been customary, spreading them out over the months from now until autumn.

On the grounds of common sense, the suggestion should be welcomed by employers and employees. Faced with the rising shortage of labor, employers will find less difficult their problem of filling in if vacations are distributed so that fewer of their staffs are absent at one time. With transportation facilities and hotels and motor camps, especially those near industrial centres, already taxed to near their limit, vacationists will have a better prospect of comfort and accommodation if they do not bunch their journeys into the few weeks of the midsummer season.

There is certainly no doubt that the domestic vacation business will be heavy. Employment is general and people have money. There is a feeling that recreation is definitely needed to keep us fresh and fit by relieving the stress of war and work. Tire shortage and gasoline rationing will force a greater proportion of travel to go by rail, bus and boat than in recent years during which 85 per cent of the vacation travel on this continent has been by private motor car. In addition to the extra volume of civilian vacation travel, transportation facilities will be called upon to carry army, navy and air force men on summer leave. Because long-distance touring by motor will be less this year, summer resorts within easy access of centres of population have prospects of heavy business, with people more likely to stay longer in the old-fashioned way, now that they cannot spend their time hopping along the highways from place to place.

The California fisherman who netted a 9,000-pound shark should be sent out after some submarines.

KEEPING THE JAPS GUESSING

James Hilton, the famous English novelist, is one of President Roosevelt's favorite authors. On more than one occasion he has quoted from Hilton's books in his public addresses. Now, in the humorous mood he frequently displays, revealing a fortunate lack of excessive strain from the war, the President has told a press conference that the U.S. planes which the Japanese say have bombed their cities came from a secret base in Shangri-La. This is the imaginary, lovely but rather sinister Utopia in Tibet described by Hilton (who never visited that country) in his "Lost Horizon." Mr. Roosevelt took this method declaring that he still had nothing to say about the reported air raids on Tokyo and other cities. He would not even confirm that such raids occurred. The Japs are certainly kept guessing this time.

Bruce Hutchison

RUSH

SPRING (if you will pardon the mention of that out-of-date subject at a time like this) is a slow and dreamy experience with us on Vancouver Island. Here in Ottawa it is a sudden rush like the passion of a lover. A few days ago it was winter, they tell me. Now it is certainly summer. The spring apparently lasts about 24 hours and from this brief conception emerges the wonder of summer's sudden birth.

All at once, in the night, the leaves burst out, until they are more open here than in Victoria, where they have been working at it for weeks. Over the whole of Ontario now grows a faint green haze, hanging like mist among the folds of the hills, clinging softly among the giant elms, but in a day or two it will change to that solid mass of verdure which once stretched, unbroken, across half this continent.

APOSTASY

ON THE WHOLE, at the risk of local disturbances among the loyal Victorians, I am inclined to say that the growth of nature in these parts is superior to ours. This apostasy is prompted by observation of the mighty elms here, the maples, hickories, birches, oaks and other hard woods. Our forest is a dank mass of evergreens, almost indistinguishable from one another. Here every tree has its own character, its own independence, shape and soul. Our forest is an army. The trees here are free citizens living apart in their own way.

But the paths of the Ontario garden at this season is a sight to move the British Columbian to deepest pity. About the houses of Ottawa a few daffodils are now a bloom and the first buds of the lilac promise blossom and perfume within the month. After the giant flood of blossom in Victoria these poor limitations are indeed sad; and when you see some fellow hopefully digging among half a dozen late crocuses in a patch of ground hardly 10 feet square you are tempted to pat him kindly on the back and invite him out to God's country.

HOME?

YET IT IS SUMMER HERE while we still linger in spring. It is hot in the daytime and mild at night and a warm breath comes off the river. Shortly—any day now—the mosquitoes will be marching into Rockcliff, and Parliament will be going home. The latter proposition, unhappily, is not as certain as the former. Unquestionably, the mosquitoes will arrive, but will Parliament go home?

A distinguished public servant has just assured me that Parliament will remain in session until October, at least, all through the heat and drought, all through the holidays, while its wives and children pant for it at home.

All of which will depend, of course, upon the course of the conscription debate now opening. It could last indefinitely, like the great Naval Debate before the first World War, so fluid has the situation become here, so charged with possibilities, so tense and pregnant, that anything at all can happen, including a new government, a general election and what-not. Or, equally incalculable, all the excitement may pass, the crisis ease and Parliament may go home for the summer as usual.

The only sure thing is that summer has come and can the mosquitoes be far behind?

HERE AND THERE IN NORWAY

WHEN GERMAN "PAPERED" the city of Bergen with their V-campaign placards bearing the legend, "Germany Winning on All Fronts," proud Bergensers stole out in the night and added their footnotes: "This does not concern Bergen and vicinity."

The Oslo newspaper Morgenbladet has risked a fine by telling readers that this year it will be impossible for suburbanites to keep a pig, explaining: "That which last year was food for pigs is this year food which we eagerly clutch and eat to the last morsel." . . . All religious publishing houses have been prohibited from issuing new books because of their refusal to join the new Nazi publishers' organization. . . . A 25 per cent reduction in clothing rations will become effective soon. . . . With Germans monopolizing the railroads, it is now almost impossible for a Norwegian to travel on them. . . . The 200-year-old Kongsgaard School, Stavanger, has been entirely destroyed by fire. . . . Four persons were killed when a motorboat in which they were riding struck a floating mine just off shore in Oslo harbor.

CZECHS AND "GRAIN BATTLE"

UNDER THE ORDERS of Herr Bertsch, Prussian Nazi commissary in the Czech puppet government, Adolf Hruby, the new minister of agriculture, addressed numerous meetings of farmers to inform them of a "grain battle" which is being waged by the Nazis in occupied territories. He encountered complete failure, because the farmers failed to attend. Only the school boys who were forced to attend the meetings listened to the speeches which explained how important it is to supply the victorious German armies with the necessary foodstuffs.

A reformer is a man who wants things his own way.

This is the supreme intelligence test. Your awareness of what we're up against gives the measure of your brains.

Parallel Thoughts

As one whom his mother comforteth, so will I comfort you; and ye shall be comforted in Jerusalem. —Isaiah 66:13.

Of all created comforts, God is the leader; you are the borrower, not the owner. —Rutherford.

SIDE GLANCES

"Would you like me to give you a few of the recipes for cakes and pastry my boy likes?"

France's Rabbits

This wartime regime becomes curiously and curiously with the passing days, Virginia Hall cables the Chicago Daily News from France. Strange occurrences take place and strange conditions arise. Take crime, for instance.

Blood crime—good old "crime passionnel"—is on the decrease, but petty larceny, theft of food and means of transportation have assumed undreamed-of proportions.

Food disappears out of the larder (a policeman confided that a piece of meat had been stolen out of her market basket twice during her shopping round not long ago—she retrieved it both times. Wine disappears from cellars and fuel from any exposed spot, off carts, from cellars. Bits of fence-march off.

The strangest part is that no one really blames the prestidigitators. The bereaved owners may rant and weep, but they don't blame the culprit.

A shrug, and: "Ah, well, people are cold. People are hungry."

Now we come to a matter even curiously. Buck rabbits have gone on strike. Consternation reigns among rabbit fanciers and the more material rabbit ranchers. The prospective fathers of thousands of rabbits have apparently lost interest in their wives and their pride in numerous progeny. They are listless and disinterested.

The rabbits' unbalanced diet is at the root of the trouble. The buck rabbit has been living on a sparse diet of green with a little hay, but no larders of meal, oats, milk or prepared foods, and his vitamin intake is insufficient and unbalanced.

Pigeons haven't gone on a strike, but they are being eaten up rapidly. Bordeaux, for example, used to pride herself on its friendly pigeons, estimated at 5,000, and always proved of great tourist value.

DISGRACE TO THEIR COUNTRY

From Toronto Globe and Mail
The mob of young French-Canadians which staged a demonstration against British seamen in Montreal as an anti-conscription movement doesn't see itself as others see it. Pretending to be real tough on a city street these youths are showing themselves up as shirkers for whom there would be only contempt in an actual contest. The greatest danger is that the significance of the outburst may be magnified abroad and give a false picture of Canadian courage. Their attitude will not be misconstrued that way, nor is it that of the hundreds of thousands of valorous Canadians who have enlisted.

It would be well for some one in authority to take these misguided boys aside, show them the portraits and tell them the words of others of their race with understanding and vision. Let them hear, for example, what Sir Wilfrid Laurier said many years ago in the City of Quebec:

"The British flag floats over the ancient citadel of Quebec; it floats there over our heads, and there is not in the province a single British soldier to defend it; the only defence is the gratitude we owe it for the liberty and security we enjoy under its shadow."

They would tear down the flag that gives them liberty and security because they know no better. Some day they may be wiser. In the meantime they disgrace their country because they have been influenced by rabble-rousing demagogues unworthy to lick the boots of a patriotic leader like Sir Wilfrid Laurier.

FARMS IN SASKATCHEWAN

According to a preliminary count there were 139,287 occupied farms in the province of Saskatchewan at date of the 1941 census of agriculture, being an

BACON FOR BRITAIN

From Winnipeg Tribune

Canada recently passed the halfway mark of the current bacon agreement with the British Ministry of Food. Shipments for the initial 26 weeks of the present contract exceed more than half of the minimum total called for in the agreement.

Canada has agreed to deliver not less than 600,000,000 pounds for the 12 months ending early in October this year. On April 4 purchases had reached 326,000,000 pounds, or almost 55 per cent of the minimum agreed to.

The Bacon Board reports that from Jan. 1, 1941, to the end of March, 1942, there has been an increase in the average slaughter weight of hogs from 154 pounds to 159 pounds per hog. This means on an inspected slaughter of about 125,000 hogs per week, an increase of 625,000 pounds of bacon and pork products.

The report also points out that as more hogs of the desired weights enter the market so proportionately more bacon will be available for export. While inspected hog slaughtering were only 136,529 more between October, 1941, and March, 1942, than

By Appointment Only E 6614

Joseph Rose

OPTOMETRIST

At ROSE'S LTD. 1317 Douglas St.

in the corresponding period of 1940-41, the total quantity of bacon purchased for Britain was increased by 78,000,000 pounds.

Two factors have been responsible for the improved position regarding the bacon contract—increased production on the part of the producers and reduced domestic consumption.

Farmers are co-operating wholeheartedly with the requests of the Bacon Board to increase deliveries of hogs of more desired weights so as to provide more of the bacon and pork products required.

The Canadian consumer is also actively co-operating to send more bacon to Britain. Bacon consumption on the domestic market has been cut materially.

The Canadian producer and consumer are playing a greater part than is generally realized in supplying bacon and pork products to Britain.

ONE MINUTE NEWS
ABOUT
JOHNS-MANVILLEOld Family Album
Proves a Point

There's nothing like an old family photograph album to make us realize how our tastes change and improve with each generation—and how progress keeps marching on. The same is true of styles and developments in products, too. For example, take the first asphalt roofing shingles made by Johns-Manville more than 25 years ago. In their resistance to fire and weather, they were "tops" in their day. But in appearance, judged by our modern standards, they left much to be desired.

On the other hand, the new Johns-Manville "Drift Blend" Asphalt Shingles are winning "blue ribbons" with Canadian home owners everywhere—as today's most modern development in colorful roof beauty. And they offer other practical improvements that mean long life with lowest maintenance costs. For an attractive folder, illustrated in color, just call your J-M dealer, V.I. Hardwood Floor Company, 707 Johnson Street, G 7314.

City Leading
Building Field

The city maintained the lead in Greater Victoria's lagging civilian construction race during the week with alterations highlighting activity.

Twelve permits were issued for work of a total value of \$7,565. No new homes were included in the list, but several alterations ran over \$1,000.

Nine building permits, for construction of an estimated value of \$5,325, were issued in Saanich during the past week. Two were for houses as follows: \$1,100 four-room house on Parker and a \$2,500 four room dwelling on Rundle for H. T. Wright.

During April, 41 permits, for construction estimated at \$34,090, were issued. Of these 24 were for houses valued at \$50,900. In April, 1941, 101 permits were taken out, valued at \$164,834. Of these 75 were for dwellings estimated at \$158,775.

For the first four months of 1942, 154 permits, for construction estimated at \$186,480, were issued. Seventy-seven were for houses valued at \$172,000. In the first four months of 1941, 317 permits for construction valued at \$471,154 were issued. Of these 218 were for houses of an estimated value of \$451,250.

No permits were issued in Esquimalt during the past week.

Oak Bay reported no activity during the week.

New Explosives Records

OTTAWA (CP)—Canada now produces more explosives every six months than her total for the first Great War, the Munitions and Supply Department states. The output comes from plants employing 45,000 persons, about a third of them women. Twenty or more types of chemicals and a "wide range of explosives" are being produced by the plants, which represent an expenditure of nearly \$125,000,000.

More than 50 different articles made from rubber, or rubber synthetics, are used in the production of aircraft.

'This Is People's War'
Cripps Declares

LONDON (CP)—Sir Stafford Cripps, deputy leader of the British House Commons, said Sunday night in a radio address Britons "want to see a postwar world consciously planned for the interest of the masses of the people."

"This is in reality a people's war, a people's war of liberation," Sir Stafford said. "Therefore we all claim the right to have a say in what shall happen after the war."

He spoke of the new "spirit of equality" engendered among free peoples by the war and declared: "This new spirit of equality must find practical expression. We must begin to work out its implications, must work them out calmly so they can be applied after the war."

"As comrades we have fought the war; as comrades, too, let us plan the peace." Sir Stafford was reported by the BBC as saying in the speech there no longer is any doubt about "complete freedom" of India after the war.

In a reference to Poland's national holiday, Sir Stafford urged Poles to "stand firm" and promised that "a strong, vigorous and independent Poland will be re-established."

LAS VEGAS, Nev. (AP)—Screen actress Barbara Lynn was married Saturday night to the man who two years ago handed her a ticket for a traffic violation—James Roche, supervising inspector of the California highway patrol. The actress' age was listed as 21, Roche's as 35.

The motto of the Royal Canadian Air Force is "Per Ardua ad Astra" or "through effort of the stars."

It's Time
To Check
Up
ON YOUR
POSTURE!

NATIONAL POSTURE
WEEK, MAY 4 TO 9

This week, women the Dominion over are standing and sitting straighter, walking with shoulders back, heads up, tummies in! Try it! See how much better you feel and look. And now's the time to find out how a Camp Anatomical Support can help you improve posture all year long.

Camp Anatomical Supports are "teaching" thousands of women like yourself how to maintain the proper anatomical balance so necessary to improved posture, health and general well-being. Our specially-trained Camp fitters will gladly show you how the scientific aid of a Camp Support can help you. Come in today!

AS SKETCHED . . .

\$1000

Tubbable
Classics

Perfect Dresses to breeze you through your active summer days . . . to wear from sports right into town. Of better quality cottons in many new, charming styles. Full flared or pleated skirts . . . clean-cut shoulder lines . . . short sleeves . . . smartly full bodices. Choose from an array of fresh prints in stripes, polka dots and florals. Sizes 12 to 20 . . . 38 to 44.

\$495

Shorts for Sports

Made of sturdy alpine cloth that wears and wears. Smoothly styled with an inverted pleat in front and one patch pocket. Summer shades of copen, brown and navy. Sizes 14 to 20 . . . \$2.25

DOES
INDIGESTION
WALLOP YOU
BELOW THE BELT?

Help Your Forgotten "2nd" For The Kind Of Relief That Helps Make You Rarin' To Go
More than half of your digestion is done below the belt. In your 22 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.
What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 2nd" of bowels.
Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten to Nature's own way.
Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—24¢.

Mother's Day
MAY 10

Cards for this special day are more attractive than ever. Dainty designs and colorings; appropriate sentiments for all.
Make your selection now, while stocks are complete and fresh.

LOOK OUT FOR YOUR LIVER

Buck it up right now and feel like a million!

Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, supplies new energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headache, backache, dizziness, dragged out all the time. For over 35 years thousands have won prompt relief from these miseries—with Fruit-A-Tives. So can you now. Try Fruit-A-Tives—you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25¢, 50¢.

Jubilee Alumnae Dinner Success

Reminiscences of training school days were exchanged between graduates of the Jubilee Hospital when the Alumnae held its 22nd annual dinner on Saturday evening at the Beach Hotel. Reservations were made for 80 members, including a large number of out-of-town guests. Mauve lilacs and yellow tulips carried out the attractive color scheme of the training school, and mauve and yellow tapers completed the charming effect. The place cards were in the motif of the school pin. Among honored guests at the head table was Miss G. Curry. Regret was expressed at the unavoidable absence of Miss L. Mitchell. Also seated at the head table was Miss Dorothy Colquhoun, instructor of nursing, who was recently made an honorary member.

The president of the alumnae, Mrs. Douglas Hunter, proposed the toast to the King, then welcomed the members, and also extended a special greeting to nursing sisters who were present. The toast to the alumnae was proposed by Miss Pearl Barbour and responded to by Mrs. J. H. Russell in the absence of Miss L. Mitchell, director of nursing. A toast to the nursing sisters was proposed by Mrs. Alfred Dowell and responded by Nursing Sister Margaret Coutts.

The president announced the tea for the graduating class on Monday, from 3 to 5, at the home of Mrs. G. M. Duncan, 2528 Cavendish Avenue, the 1942 graduating class to be guests of the alumnae members. Also on May 10, rededication service of nurses to nursing at First United Church and St. Andrew's Cathedral at 7.30 in the evening. After dinner an enjoyable time was spent in renewing old friendships.

Unusual Plants For Sale at Fair

Unusual plants, including a number from the gardens of Government House and the Empress Hotel, will be among the attractive wares offered for sale at the Allied Nations Victory Fair at the Crystal Garden Tuesday afternoon, under the joint auspices of the Women's Canadian Club and the Kinsmen Club. Mrs. W. C. Woodward will perform the opening ceremony.

Mrs. C. H. Orme has charge of the stall and reports that a special feature will be Monterey cypress plants and fuchsias ready for planting in window boxes or hanging baskets. Many beautiful flowers will also be offered for sale.

All the charm of the gay nineties will be recaptured when bathing belles will appear in the stockings and serge considered the only suitable garb for modest maidens. There will be cycling and walking costumes, and for contrast the streamlined riding clothes of today will be shown, on handsome models.

Sitting down quietly some place after all this, visitors can have tea as it is served in Belgium, or coffee as it's brewed only in Yugoslavia. If weight is no object they can try real Dutch cocoa served by Hollanders against a background of tulips.

Mayor Andrew McGavin will present the prizes at 10.45 p.m.

St. Alban's Senior W.A. will meet in the church hall Tuesday at 2.30; 500 card party. Wednesday at 8.

Ruby, aged 12, has been a patient in the Queen Alexandra Sanatorium for six months, being sent from her home in Prince George, B.C., afflicted with St. Vitus dance. She is now almost cured and playing normally with other children. To help Ruby and other unfortunate children like her, the Solartium Junior League sponsored the province-wide appeal for funds, "April Shower of Dimes," for which donations are still being received addressed to "Solartium Junior League, Victoria, B.C."

ISLAND NURSING SISTERS, whose homes are in Nanaimo, are the two girls, Miss Mavis Thompson and Miss M. Cusson, pictured riding a Kaffir-drawn rickshaw through the streets of Captown. Canadian nurses on loan to the South African government, they left Victoria last October with the first group of 300 nurses to take up service in the far-away country.

Social and Personal

Mrs. H. W. McKenzie of Langford is visiting relatives in Vancouver.

Miss M. de Plessir, who has been spending some months in California, has returned to her home at Langford.

Mrs. Lloyd Clifford and little daughter, Eileen, left Victoria Friday for their home in Truro, Nova Scotia. They have been spending the winter with her parents, Mr. and Mrs. A. E. Forse, Colquitz.

Mrs. Stanley Burke was hostess at the tea hour Friday afternoon at her home on Marine Drive, Point Grey, in honor of her daughter, Mrs. R. L. Mitchell of Victoria. Mrs. Mitchell will return to her home here Wednesday.

Mrs. Patricia Mitchell, Fort Street, accompanied by her son, Barry, will leave tomorrow for Winnipeg, where she will make her home for an indefinite time. En route she will visit in Calgary and Edmonton with friends.

Week-ending at the Empress Hotel from south of the border were: Mr. and Mrs. E. W. Bellis, Portland; Miss Mary A. Perkins, Miss Bette J. Shay, Mr. and Mrs. A. W. Pande, and Dr. and Mrs. J. M. Keenan, all of Seattle; Mr. L. Simonsen, Richmond Beach, Wash., and Miss Ethel Hallman and Miss Jewel Hokanson, both of Tacoma.

Miss Nona S. Butts was honored at a tea Thursday afternoon, given by her sister, Mrs. Williams, at her home, 962 Lovatt Avenue, when 40 young friends were present to wish her farewell prior to leaving today for Eastern Canada to train in the R.C.A.F. (W.D.). Assisting in receiving was Mrs. R. Birtwistle. Miss Butts was formerly a popular instructor of the Provincial Recreation Centres.

Miss Nona Butts, who will leave Tuesday evening for eastern Canada to join the R.C.A.F. (W.D.), was guest of honor at a tea given by her sisters, Mrs. R. Birtwistle and Mrs. J. Williams, at the home of the latter, on Lovatt Avenue, recently. Forty guests assembled to wish her good luck, among them being fellow members of the Pro Rec classes, of which she was the popular instructor. The rooms were decorated with mauve and white lilac, yellow tulips and narcissi. Refreshments were served from a table centred with mauve and yellow flowers.

Miss Frances Borde entertained at her home Friday evening in honor of Miss Nona Butts, who is leaving next week to join the R.C.A.F. (W.D.). During the evening the guest of honor was presented with a corsage of pink carnations and a fountain pen and pencil set. The invited guests included Mesdames K. S. Smith, J. Green, G. Joyce, M. Reginald, L. Palmer, J. White, C. Lewis, W. Fraser, N. Bouchard, R. Horsfield, M. Bartlett, A. Travis and the Misses Nona Butts, Jean Howell, Helen Cook and Terry Lee Warner.

Weddings

ELLETT-FAULKNER

The marriage took place Saturday evening at 8 in Oak Bay United Church of Doris May, only daughter of Mr. and Mrs. L. Faulkner, 1051 Tattersall Drive, and Mr. Jack Meredith Ellett, only son of Mr. J. Ellett, Saanichton, and the late Mrs. Ellett. Rev. F. R. G. Dredge officiated and the organist was in attendance.

The bride, who was given away by her father, wore a white sheer gown with bishop sleeves, her finger-tip veil falling from a halo of orange blossoms, and she carried a bouquet of roses and sweet peas. Mrs. Henry Dahl, as matron of honor, wore a smart pink sheer frock with long full skirt and full bishop sleeves, her headpiece being a coronet of pink and white flowers. Pink snapdragons and blue iris made up her bouquet. Mr. Stanley Wright was best man and the ushers were Messrs. C. Faulkner and F. Faulkner.

A buffet supper was served after at the home of the bride's parents, Mrs. Faulkner receiving the guests in a rose redingote ensemble with white accessories and a corsage bouquet of red and pink carnations. Supper was served buffet style from a table covered with a lace cloth, centred with a silver basket of roses and pink and white tapers, the wedding cake being on the bride's table, between vases of sweet peas. Mrs. C. Needham and Mrs. W. Klein of Vancouver were out-of-town guests.

For the honeymoon trip to Vancouver the bride donned a beige suit with brown and beige accessories, and a corsage bouquet of carnations and lily of the valley. Mr. and Mrs. Ellett will make their home at 964 Mason Street on their return.

GRANT-YOUNG

Mauve lilacs were arranged in the library of the Bishop's Palace for the wedding Saturday evening at 8 of Eileen Mary, only daughter of Mr. and Mrs. J. P. Young, 1209 Bay Street, and Eric William Grant, second son of Mr. and Mrs. J. Grant, Torquay Drive, Gordon Head. Rev. Father J. A. Gaudette officiated.

A smart beige suit and white blouse with matching hat was chosen by the bride, her corsage being of gardenias. She was given away by her father and attended by Miss Lorraine Tait, wearing a spring tweed ensemble complemented by a corsage of roses and lily of the valley. Mr. Romain Grant supported his brother.

Pink tulips and white lilacs with lighted white tapers in silver holders decorated the bride's table at the home of her parents where the reception was held. Mr. Young was at the piano, and Mr. Stanley Honeychurch sang "Because" and "Through the Years" during the evening. Among the out-of-town guests were Mrs. H. Read and Mr. and Mrs. G. Watson of Vancouver.

For her honeymoon trip to Vancouver the bride donned a fur coat over her wedding ensemble. On their return the couple will live in Victoria.

BEXTER-GRAY

The marriage of Beryl Mary, elder daughter of Mr. and Mrs. Leonard R. Gray, 1516 Redfern Street, to Edward Bekter, son of Mr. and Mrs. J. Bekter of Moosehorn, Man., took place in the First Baptist Church vestry April 25, Rev. G. A. Reynolds officiating. Mrs. Reynolds was at the piano. Given in marriage by her father, the bride wore an afternoon frock of teal blue crepe trimmed with fine Valenciennes lace, with hat of burnt straw adorned with tiny flowers, her corsage being of white gardenias and pastel sweet peas.

Miss Doreen Gray, her younger sister, was bridesmaid, in a frock of deep pink sheer, with hat and accessories similar to the bride's, her corsage bouquet being of roses and sweet peas. Mr. George H. Gilman was groomsmen. After the ceremony a reception was held at the home of the bride's parents, Mrs. Gray receiving in an old rose novelty crepe dress, with corsage of flowers in blending tones. The wedding cake centred the table which was arranged with sweet peas and ribbon streamers. Among the guests was Mrs. A. W. Lucking of Qualicum Beach.

After the short honeymoon, the young couple are making their home in Victoria.

MONTESKI-BROWN

Mr. and Mrs. W. M. Brown, Carrick Street, announce the marriage of their youngest daughter, Jean Struthers, to Albert Henry, younger son of Mr. and Mrs. E. Montesi, Washington Avenue.

STRAWBERRY VALE

A successful May tea was held Friday afternoon at the home of Mrs. R. Knight, Wilkinson Road, under the auspices of the Women's Auxiliary of Wilkinson Road.

SURE WAY TO CUT DOWN STOCKING RUNS

Join the LUX DAILY DIPPERS

These days it's up to every girl to make the nice things in her wardrobe last—especially stockings. For stocking runs soon make a dent in your thrifty war-time budget.

Here's a way to avoid runs! Dip stockings in Lux every night—soon as you take them off. Lux keeps stocking threads elastic so that they stretch under strain instead of popping into runs. It removes the perspiration acids which cause holes in stocking feet. A daily dip in Lux will help to make your stockings last for simply ages. So start your daily dipping tonight!

TONIGHT—dip your stockings in—LUX

A LEVER PRODUCT

Tells Prices Board Women Not Satisfied About Costs

By MARGARET ECKER
OTTAWA (CP)—Mrs. Housewife came to Ottawa last week. She walked right into the office of Canada's price boss and told him what she—and other women—think about the price ceiling.

BEEF AND TEA PRICES
She asked him frank questions about the price of tea and why it seems cheaper cuts of beef are disappearing from the market. She said the average woman has a hard time finding stockings and undies that she can afford to buy; and that it would be more economical if the average men were allowed two pair of pants with a suit.

She came right out and said housewives would welcome compulsory rationing, in place of voluntary rationing. Mrs. Housewife is Mrs. Elizabeth Brown, an energetic Scotswoman who officially represents more than 1,000 Toronto housewives, members of the Housewives' Consumer Association.

Unofficially she represents perhaps most of the women of Canada. What she had to say to executives of the Wartime Prices and Trades Board is probably what housewives from Halifax, Victoria, Churchill, Man., Prince Rupert, B.C., Flin Flon, Man., or Edmonton would say if they had the chance.

HOUSEWIVES NOT SATISFIED

The consumer branch of the prices board brought Mrs. Brown to Ottawa to find out what Canada's housewives are saying over the back fence or to the neighborhood grocer. So Mrs. Brown, alias Mrs. Housewife, spent the late days of last week talking to Donald Gordon, chairman of the board, to his assistant Walter Zeller, to Byrne Hope Sanders, head of the consumer branch, and other executives.

She told The Canadian Press "There's still lots to be done to satisfy the housewives of Canada. And we're not going to keep quiet or stop pounding away at the government until we get results."

"The housewives are going to see that the price ceiling is kept at all costs. And we won't stop fighting till prices are as fair to everybody as they possibly can be."

Here are some of the things

Mrs. Brown told Canada's price bosses:

The disappearance of cheaper grades of food from the market has been a real hardship.

In 1939 Mrs. Brown could buy a pound of tea, in bulk, for 39 cents. This particular brand now has disappeared from the market and the cheapest brand she now can buy is 79 cents.

Need for low-grade, low-cost staple garments, such as stockings and underwear, was mentioned by Mrs. Brown.

Mr. Zeller told Mrs. Brown these low-grade food brands and garments haven't entirely disappeared. He said they still can be bought but, because of the quota system, sometimes there are shortages in particular stores or districts.

TWO-PAINT SUITS

Mrs. Brown said Mr. Brown likes two pair of trousers with his suits and that she agrees it is much more economical since Mr. Brown is an office worker and a bit hard on his nether garments at times. Mr. Zeller was able to satisfy Mrs. Brown there are so many difficulties involved in the two-paint suits that they would no longer appear on the market. However, he said, the suit that once sold at \$35 with two pair of pants, must be lowered in price when it sells with only one pair.

The Wartime Prices Board is investigating the possibility of posting a list of basic prices—another of Mrs. Brown's suggestions.

Mrs. Brown went all out for compulsory food rationing.

"Voluntary rationing is all right for people who co-operate, but there are always the selfish ones who make the rest of us suffer," she said. She and other housewives had seen women buying orders so large they filled the back of an automobile.

"These women must be hoarding," she said. "It's not fair when the rest of us are willing to make sacrifices."

Clubwomen's News

St. Aidan's Ladies' Guild will meet Thursday in the Assembly Hall.

The Missionary Circle of the Little Flower will meet in the parish hall Tuesday evening at 8.

Saanich Women's C.C.F. Council will meet Tuesday at 2 in Room 6, Brown Building.

King's Daughters Hawthorne Circle will meet at headquarters Wednesday at 8.

Oak Bay United Church W.A. will meet in the Church Parlor Thursday, May 7, at 2:45 p.m.

The knitting meeting of the Dr. O. M. Jones Chapter I.O.D.E. will be held at the home of Mrs. S. Colgate, 1030 Park Boulevard, Thursday at 2.

St. John's Church Evening W.A. will meet for a hospital shower in the school auditorium Tuesday evening at 8. An interesting program has been arranged.

Women's Auxiliary to Air Services will meet Tuesday afternoon at 2:30 at the Y.W.C.A. Members are asked to bring magazines.

The Women's Benefit Association, Review No. 1, will meet in the S.O.E. Hall this evening at 8 o'clock. Health clinic will be held at the Strathcona Hotel Tuesday, by Mrs. Laura Le Galais, provincial health supervisor.

Princess Patricia Lodge, Daughters of St. George, met Friday evening. Plans were completed for a court wheel drive Friday, May 15, at the S.O.E. Hall, with following committee: Mrs. E. Sparks, cards; Mrs. J. Mason and Mrs. K. Herring, refreshments. Mrs. A. Cowden presided.

Mrs. A. Ball was re-elected president of Saskatchewan W.A. at the annual meeting held Tuesday evening. Others chosen were: Vice-president, Mrs. A. Clark; secretary-treasurer, Mrs. E. Anderson; committee, Mesdames Neely, A. Bone, and McKenzie; sick visitors, Mrs. Dumbleton and Mrs. Hudson; Mrs. B. Bone and Mrs. McKenzie. The club's second birthday will be celebrated with a party at the home of Mrs. Bone, 303 Vancouver Street, Tuesday evening, May 12. Twenty-five naval men will be entertained Sunday, May 17, in the clubrooms over the Royal Bank at the corner of Fort and Cook Streets. The president, Mrs. A. Ball, is showing parcels sent to men on active service twice a year; monthly entertainments for men stationed here, fruit and flowers to sick members, and card parties held to raise money to buy wool.

Mrs. F. John Scroggie, formerly of London, England, who will address a public meeting to be held in the Chamber of Commerce Thursday afternoon under the auspices of the Local Council of Women. Mrs. Scroggie will speak on "The Battle of Britain." Since coming to Canada she has organized the Women's Voluntary Defence Services and Civil Defence in Toronto, on the basis of her experiences in the London blitz, and her story Thursday should be of timely and topical interest to all who are interested in local defence questions. The meeting will start at 3; admission will be free, but a collection will be taken.

P.T.A. Activities

VICTORIA WEST P.T.A.

Victoria West P.T.A. will meet in the school Monday at 8 p.m. Annual reports will be received and officers elected. Miss Crickley will speak on speech correction in children.

OAKLAND P.T.A.

Mrs. George Rumsby, 1210 Old Esquimalt Road, is kindly loaning her home to members of the war efforts unit of the Oaklands P.T.A. for a silver tea Thursday, from 2 until 5. The funds raised will be used to purchase sewing materials for the bombed-out bundles. Mrs. W. M. Brown and Mrs. R. H. McInnes will pour tea during the afternoon, and assisting in serving will be Mrs. Ian McLoirie, Mrs. Ernest J. Harris and Mrs. William Blair. Mrs. Robert Gray is in receipt of customs, and Mrs. Trevor J. Inkpen and Mrs. James Ferguson in charge of the refreshments. Mrs. Rumsby will be assisted in receiving the guests by Mrs. Leslie A. Gordon. The May meeting of the association will be held this evening in the school auditorium.

BURNSIDE P.T.A.
Burnside P.T.A. will meet in the school auditorium Wednesday at 8 p.m. Nominations will be made for officers for the coming year; also report of delegate to the provincial convention.

JAMES BAY P.T.A.

James Bay P.T.A. will meet Tuesday evening at 8 in the library, report of the delegates to the provincial convention will be given.

Cross of Snow

The famous "Cross of Snow," in the Holy Cross National Forest of Colorado, is formed by two snow-filled crevasses on the side of the mountain. The cross is visible for miles.

WEDDINGS

FAGAN-O'SULLIVAN

At a quiet ceremony at the Bishop's House last Tuesday, Rev. L. Hart solemnized the marriage of Annette Elizabeth O'Sullivan, daughter of Denis O'Sullivan, and the late Mrs. O'Sullivan, and Patrick David Fagan, son of Mr. and Mrs. Vernon Fagan.

A smart horizon blue dress-maker suit was worn by the bride, with contrasting navy accessories and a corsage of gardenias and valley lilies. Her matron of honor was Mrs. J. P. O'Sullivan, who had chosen a becoming navy ensemble with soft beige accessories, and a corsage of pink rosebuds and bouvardia. Mr. Arthur Kindlin, R.C. N.V.R., was best man.

After a reception at the Empress Hotel, the young couple left for a honeymoon trip up island, before taking up residence in Victoria.

HOROSCOPE

MAY 5
Benefic aspects are noted for today. It is a fortunate time for persons in authority. Journeys begun at this time should prove enjoyable.

Persons whose birthdate it is have the augury of an eventful year. Children born on this day may be talented and industrious.

Daughters of England Primrose No. 32 met recently in the S.O.E. Hall, Sister G. Jennings in the chair. Mrs. Baker, worthy president, and members of Princess Alexandra Lodge No. 4 were welcomed. It was decided to send cigarettes to members' husbands and sons serving with Canadian forces overseas. Mrs. E. J. Headdy reported on the Primrose tea. The convener of the war work reported several garments had been turned in for shipment by the Overseas League.

After the meeting an enjoyable social evening was held. Next meeting May 8 at 8. Drill practice Tuesday, May 12, at 2.

In factory paint shops, 1,000,000 gallons of water are used to purify the air for workers painting one single pursuit ship.

The Queen Alexandra Solarium accepts all colors and creeds. Daisy, little Indian girl, who has been a patient in the institution since July, 1937, with an infected knee, can now move nimbly with the aid of crutches and will soon be able to play normally without mechanical aid. She has been given schooling as well as taught handicrafts so that she will not be handicapped on her dismissal. To help Daisy and children like her, the Solarium Junior League "April Shower of Dimes" drive for funds is still open to donations. Address subscriptions to "Solarium Junior League, Victoria, B.C."

The Queen Alexandra Solarium accepts all colors and creeds. Daisy, little Indian girl, who has been a patient in the institution since July, 1937, with an infected knee, can now move nimbly with the aid of crutches and will soon be able to play normally without mechanical aid. She has been given schooling as well as taught handicrafts so that she will not be handicapped on her dismissal. To help Daisy and children like her, the Solarium Junior League "April Shower of Dimes" drive for funds is still open to donations. Address subscriptions to "Solarium Junior League, Victoria, B.C."

Orphanage to Hold Annual Shower

The British Columbia Protestant Orphanage will hold its annual linen shower Thursday from 3 to 6, when members of the ladies' committee will serve tea. The president, Mrs. Rita McTavish Hughes, will welcome the guests, assisted by Mrs. William, vice-president. Mrs. Walter Luney will have charge of the tea arrangements.

As the orphanage depends entirely on public contributions, the members hope that, in the stress of war and the many calls made upon the public purse by war charities, its friends will not forget the cause of these orphaned children but will respond with the generosity which has greeted the appeal in other years.

Old Girls Elect New Officers

Miss Barbara Bullock-Webster was elected president of the St. Margaret's Old Girls' Association at the annual reunion at the school Saturday. Other officers elected were Mrs. H. R. Townsend, first vice-president; Miss Rosemary Williams, second vice-president; Miss Helen Cornwall, re-elected secretary; Miss Norah Cornwall, treasurer, and the Misses Rosemary Williams, Norah Cornwall and Yvonne Louden entertainment committee.

Over 70 former pupils gathered at the school for luncheon and a general meeting at which reports were read on the year's activities, the scholarship fund and the Christmas dance. Miss Felicity Grant, past president, presided. Mrs. F. R. Gow, who is visiting here from Halifax, N.S., gave an interesting account of life in the eastern Canadian port in wartime, dealing especially with her work in connection with the Naval Vessels Reading Service which she organized. Mrs. F. R. Nixon, who aided Mrs. Gow in the service, was also present. Bringing greetings from their associations were Miss Joanne Oliver, president of the Vancouver branch of the Old Girls' Association, who presented the school library with a book, and Miss Kay Kamm of Portland.

Miss H. M. Pearce, school headmistress and honorary president of the association, greeted the guests and gave a resume of the school's year, stressing the war work done and special Christmas charities undertaken. The basketball match between the old and present girls resulted in victory for the former team. A Chinese operetta was presented in the evening.

Social and Personal

Major and Mrs. W. G. Swan, who have been residing at the Empress Hotel, have taken up residence at 906 Pemberton Road.

Miss M. Lloyd, Dallas Road, left at the weekend for Alix, Alberta, to make her home there with relatives.

Miss J. I. Kynoch, who has been spending the last month at the Shawnigan Beach Hotel, has returned to her home in Victoria.

Miss Vera Frederiksen, who has been visiting her brother-in-law and sister, Mr. and Mrs. John Braithwaite, at Langford, has returned to her home in Saskatoon.

Guests staying at the Shawnigan Beach Hotel lately included Mr. and Mrs. Eric L. Wainwright and daughter, Mrs. L. Brae and daughter, Mr. John G. Monteith, Mr. and Mrs. R. Genn, Dr. and Mrs. J. E. Barnard, Mr. and Mrs. Edward Boyle, Col. and Mrs. A. H. Panet, Mr. and Mrs. A. S. Averill, Mr. H. E. Alder, all of Victoria; Mr. and Mrs. Jas. V. Carter, Mrs. W. Dudley Ward, Mrs. J. Runions, Miss Cooper, Vancouver; Mr. G. W. Lawrence, New Westminster; Mr. R. A. Seterman, Mr. Herbert Youngren, Seattle.

Miss Pat Crawford was hostess Sunday afternoon at the tea hour at the home of her sister-in-law, Mrs. R. M. B. Crawford, Dallas Road, in compliment to Mrs. Bernard Kjekstad, who before her marriage last month was Joyce Scurrah. A pretty arrangement of lilies of the valley in a crystal bowl, flanked by ivory tapers, centred the tea table which was presided over by Mrs. P. B. Scurrah, mother of the bride. Spring flowers were placed throughout the reception rooms. The honored guest was presented with a dainty corsage of gardenias and creamy yellow roses. Among the invited guests were Mesdames Edward Kjekstad, W. G. Cameron, J. Harbord-Harbord, W. Halkett, K. Mills and Misses Patsy Scurrah, Elsie Vantreigh, Joan Forrest, Enid Fox, Bernadette Corcoran, Joyce Winsby, Mary Lou Bryant, Marjorie Delf and Audrey Boorman.

Bread and Butter Tea Popular Event

Members of the Dr. Jones Chapter, I.O.D.E. held a successful "bread and butter" tea on Friday afternoon at the home of Mrs. William Ellis, Bench Drive, in aid of the war work fund. Mrs. Ellis and the regent, Mrs. H. A. Stuart, welcomed the many guests, and during the afternoon a delightful musical program was

Let's Talk About YOUR SUIT

The newly arrived boucle and worsted suits in blues and black will meet every requirements of the lady who wants a smart, dressy ensemble. In pin stripes or plain, we have never seen more beautifully tailored suits than these, and yet the price range is only from \$29.75 to \$35.00. And when it comes to sports suits in the loveliest English tweeds its hard to find words and impossible to find illustrations to do them justice. Some with front fullness, one to five-button models. Colors ranging from conservative, plaid grey to the most exotic pinks, and quite the smartest tailoring we have ever seen. Price range, \$19.95 to \$35.00.

YOUR BLOUSE

Jerseys, Crepes, Chambrays, Sheers, in plain printed and striped designs. Dainty, feminine sheers to go with your smartest, dressy suit. Lovely colors and prints for informal dances; lace insertions, hand drawn and fine tucking work; waterfalls of lace, trim little starched numbers. Just everything your fancy can imagine, and prices from \$2.98 to \$6.95.

YOUR HAT

Those wonderful, stitched English Fur Felt Hats. New shapes, new colors, but the same inimitable, unmistakable quality. Everyone of these is the very "Tops," from such famous makers as Christy's of London. Some of the new colors are Rose, Twilight, Manchu Brown, Lagoon Green, and, of course, black and navy. Price, \$7.95, which divided by five years' wear, is real economy.

Conscription Demands

Conservatives Demand Liberals Act at Once

By NORMAN MACLEOD
OTTAWA — Expectation of early action to implement the conscription vote cast by the Canadian people is growing out of a warning broadcast by an official Conservative Party spokesman that, unless Prime Minister King acts in the matter by the end of this week at the latest, the official opposition party will itself introduce a conscription amendment.

The warning went out from Tory circles on the heels of the news that the regular caucus of the Liberal Party, usually held on Wednesdays, had not been convened last week.

The Conservatives accompanied the ultimatum with the statement that their original intention had been to introduce a conscription amendment into the Commons last Tuesday, but that they had decided the government should first be given an opportunity to act itself upon the mandate from the people.

Credit for this more moderate counsel was given to Hon. Grote Stirling, former Minister of National Defence in the Bennett government. It was emphasized, however, that the reprieve was only temporary.

If no government policy should result from next Wednesday's meeting of the Liberals, the Conservatives will present an amendment to delete Section Three—which currently prevents conscription for overseas service—from the National Resources Mobilization Act. The amendment, it is indicated, will not be

brought in by House Leader R. B. Hanson, but by some private member.

COMPLETE MOBILIZATION
C.C.F. Leader M. J. Coldwell has also been engaged in clarifying the attitude of his group. Generally speaking, he said that, while the third party believed that the government now should embark upon an all-out war effort, it would only favor the imposition of full conscription as a result of the plebiscite vote if the measure were accompanied by complete mobilization of Canadian industry and wealth.

"In my opinion," Mr. Coldwell stated, "the government should immediately discuss with Parliament plans for the use of Canada's resources for the total effort of this country. That includes not only human power but wealth and industry as well."

WILL DEMAND BOTH
The C.C.F. leader was asked if he believed the government should amend the mobilization law to permit full conscription.

"I think they will have to amend it, but I would want to provide, if that were done, that there should be mobilization of wealth as well; I wouldn't agree to one without the other," he said.

This reply is interpreted in Parliamentary circles as heralding the C.C.F.'s intention to press for the nationalization of war industries, as well as some "ceiling" on personal earnings, similar to that which President Roosevelt is proposing in his \$25,000 maximum in the United States.

Corregidor Answers Japanese Shells

UNITED NATIONS HEADQUARTERS, Australia (CP)—Gen. Douglas MacArthur's headquarters, reporting on the situation in the Philippines, said today that Corregidor fortress underwent intermittent artillery and air bombardment Sunday and answered with its big guns.

On Mindanao Island to the south, the communique said, operations are continuing on the Parang-Cotabato front on the west coast, where the Japanese made new landings last week.

(The Japanese reported Sunday their troops had advanced 35 miles northward from Parang to Gahassi and about 30 miles eastward from Cotabato and Pikit Pagalungan.)

NEW LANDINGS
TOKYO (From Japanese Broadcasts, AP)—Japanese forces have made two fresh landings on the northwest coast of Mindanao Island in the Philippines, the Tokyo radio said today. They were at Cagayan on Macajalar Bay and at Tagoloan, about 20 miles to the northeast.

(Cagayan, capital of Misamis province, is about 75 miles north of Parang and about 90 miles north of Cotabato, from which other Japanese forces have been reported by Tokyo to be driving inland.)

The new landings, said a Domei news agency dispatch, were made under protection of naval forces which took part last month in similar operations against Cebu and Panay islands.

The dispatch estimated the defending American and Filipino forces at about 30,000 men.

Escaped General Tells Story Nazis Still Wonder Where Giraud Hides

VICHY (AP)—The whereabouts of Gen. Henri Giraud, who escaped from a German prison and fled through Switzerland to unoccupied France, were uncertain today, but official sources denied he had been turned over to German military authorities.

(A Reuters dispatch from Berne, Switzerland, said the general was reported visiting with relatives at Lyons, in unoccupied France.)

Commenting on reports current during the week-end concerning the general's fate, these sources said:

"As a result of erroneous indications, rumors circulated with insistence that he had been handed over to German military authorities at Moulins. Information from official sources formally denies this news and states Gen. Giraud is still in unoccupied France."

(Reports which the Associated Press received Saturday night from reliable European informants said Giraud was in custody near Vichy while the French and Germans argued over whether he should be returned to the Nazis. These sources, however, said nothing about his having been turned over to the Germans at Moulins.)

VICHY FEARS PEOPLE
(In London, Free French sources expressed belief that fear of enraging the French people would prevent the Vichy government from turning Giraud over to the Germans.)

Gen. Giraud himself disclosed Saturday that eight months of painstaking planning paved the way for his successful flight from supposedly escapeproof Koenigstein-Fortress where he was a prisoner of war.

Here is the story as Giraud told it to friends in the same matter-of-fact terms he might have used to describe a well-conceived military operation:

"For eight months every package I received from my wife included strands of thread which I wove into a cable 20 meters (about 65 feet) long. (Thirty-seven words were deleted here by the censor.)

"Shortly afterwards I reached the nearest railroad station, but the alarm was quickly given and severe control already had been organized at the station.

"Without hesitating I took a young woman traveler by the arm and marched through the gates on to the station platform with her. 'After a trip without incident I got off the train in an Alsatian station near the Swiss frontier. (Twenty-three words censored.)

VERNON CITIZENS THOUGHT DROWNED

VERNON, B.C. (CP)—J. P. Montague, 50, president of the British Columbia Fruit Shippers Ltd. and president of the Vernon Board of Trade, and a companion, Alan W. Henderson, 27-year-old Vernon hotel clerk, are missing and believed drowned in Pinaus Lake, 40 miles northwest of here.

The pair left Vernon for a trip into the Pinaus Lake country Friday on horseback and a search was organized when they failed to return Saturday. Provincial Police found their horses, some personal effects and a boat at the lake and said they believed the missing men had drowned in the lake.

Dragging operations were begun immediately, but so far no trace of the bodies has been found.

Montague was a leading figure in Vernon's civic life, having given, Giraud was not able to take a direct express but had to change trains numbers of times before he reached Alsace.

settled here before the last war. His wife is at present on a trip on Vancouver Island. A daughter, Joan, resides here.

Young Henderson had been a resident of Vernon for a number of years. His wife and two-year-old daughter are here.

Lopez Leads
BOGOTA, Colombia (AP)—Former President Alfonso Lopez held a lead of more than 138,000 votes today over Carlos Arango Velez with less than half the nation's municipalities yet to report their returns in Sunday's presidential election.

Lopez, 56, was President of Colombia in 1934-38. His successor, Dr. Eduardo Santos, will end his term Aug. 7 and will be sworn in the same day.

The newspaper El Tiempo gave an unofficial tabulation of 388,497 votes for Lopez against 250,478 for Arango Velez.

Lopez was the candidate of the Liberal (administration) Party, while Arango Velez bolted the Liberal Party's convention and joined forces with the opposition Conservative Party. The whole pre-election battle was based on internal issues.

LEWES, Del. (AP)—Two seagoing survivors of a ship torpedoed, recuperating in a hospital here, asked attendants for scrub brushes and a can of paint. "We always clean up a ship's quarters before we leave," said Seamen James Jensen and Josef Waxler. They redecorated their room.

By PETE SALLAWAY

SEATTLE RAINIERS may win another Coast League baseball championship, their third successive, on the trusty pitching arms of two great veterans, Hal Turpin and Dick (Kewpie) Barrett. If this duo continue throughout the season at their present clip they should be good for at least 40 wins. That will look mighty sweet in the percentage column at the end of the season. At the time of writing, Turpin was setting the pace for Coast League hurlers with six straight victories while Barrett had six wins and one defeat.

Pitching of the pair to date has been just about letter perfect. Barrett, usually troubled with early-season wildness, appears to have complete command of his control and in a game against Hollywood last week had trouble locating the plate in only one inning. With these two turning in win after win, it will surely lighten the burden on the remainder of the staff. And chaps like Soriano, Scribner, Libke, Fisher and Bevens are going to turn in the odd victory to give the Rainiers a well-balanced mound corps.

Although he heads the circuit with a straight, Turpin has struck out only 10 batters as compared to 23 for Barrett. "Kewpie" shares the strike-out honors with three other pitchers, Buxton, Oakland, Hebert, San Diego, and his teammate, Soriano. Strange feature of the Seattle club is that it seems to play heads-up ball for both Turpin and Barrett and often runs into a bad night when one of the lesser lights works on the hillcock. Guess

the boys must have more confidence in the veterans.

Victoria Bapcos may have the opportunity to pick up Art Somers, former National Hockey League star with Lester Patrick's New York Rangers and the Chicago Black Hawks, and of recent years a successful mentor with Moose Jaw Millers in the Saskatchewan Senior League, as their coach next season. We note in a Winnipeg paper where Somers is scheduled to leave for the Pacific coast shortly to take up a position in one of the shipyards. Somers is reported coming to Victoria to make his home.

Remember a basketball player named Ross Werner. He used to come to Victoria quite regularly every winter with Seattle clubs. Well, Ross is now located in Honolulu. The former University of Washington basketball captain reports that war has not put an end to all athletic competition on the island.

"We have a good basketball team," Werner writes. "Chuck Wagner, who captained the Huskies the year before my season as skipper; Johnny Ball, formerly of U.C.L.A., and Vic Townsend and Ken Purdy, former Oregon Webfeet, are included on the line-up. We play the service teams and have been doing well for ourselves." Werner reports the former collegians playing on his Hawaiian team have discarded the type of play which calls for drive, drive and more drive. "We're too old for that stuff now. We walk, walk and walk some more and depend on ball handling to win games," he said.

Shut Out Upsets Derby

Preakness Saturday

NEW YORK (AP)—Because several unexpected things happened in the Kentucky Derby, the 52nd running of the Preakness at ancient Pimlico Saturday shapes up as a pretty fair race.

First of the unexpected in the Churchill Downs mile and a quarter classic was the victory of Shut Out. The last son of the great Equipoise from Mrs. Payne Whitney's Greentree Stable was just going out for the exercise, leaving the task of winning the \$64,225 purse to his more famous stablemate, Devil Diver.

At least, that was the way most of the experts and laymen figured it. Hadn't Eddie Arcaro, the country's No. 1 rider, had his choice of the two horses and selected Devil Diver?

The second of the unexpected was Alsab. Remember him—the winner of 10 straight races as a two-year-old, winter booker derby favorite and then a complete flop?

He had not shown enough to indicate he even would be in the money. But Al Sabath's bargain colt was pounds the best as the race was run. He was hit as he came out of the gate, ran into a couple of blind switches going around the first turn and then, with Basil James piloting him in and out of the pack, he really turned on the steam from the half-mile post on.

He picked up horse after horse but had to be content with second money.

The bid left him two and a half lengths back of Shut Out, who stayed close to the early pace and then pulled into command in the stretch.

Then there was Requested, Ben Whitaker's Texas-owned chestnut, who was the biggest disap-

pointment of the Derby after being backed into second choice by a crowd estimated all the way from 60,000 to Col. Matt Winn's figure of 100,000.

Requested outran only one horse in the field of 15 but Blackie McCoolie, his trainer, said he had a rough trip and refused to extend himself.

The Greentree pair and Alsab and Requested, along with Mrs. Barclay Douglas's Fair Call, William Woodward's Apache, Valinda Orphan and Hollywood and possibly William Dupont Jr.'s Fairy Manah are headed for Pimlico.

JUST SUITS PAIR

The mile and three-sixteenths of the Preakness should be right down Valinda Orphan's alley but it also suits Warren Wright's Sun Again.

Sun Again originally was entered in the Derby although Wright and his trainer, Ben Jones, were never quite sure that the colt would parade to the post. Jones said Sun Again was a week or two from peak form so he was scratched.

The stablemate of Whirlaway, last year's triple crown winner, was shipped to Baltimore Sunday but Jones still was undecided whether this charge would go after the \$60,000 purse. It all depends on Sun Again's work-outs this week.

Arcades Capture Bowling Title

Capturing three straight games Arcades won the championship of the Senior Tenpin League at the Arcade Alleys from the Gorge Hotel over the week-end.

The new champions won the first game by 29 pins, the second by 106 and squeezed through in the third by three. In total pins the Arcades outscored the hotel men 2,545 to 2,407.

Harold Paulding paced the Arcades with a three-game score of 559.

Individual scores follow:

Arcades—A. Porter 500, R. Elwood 516, H. Moulton 453, H. Paulding 559, J. Quinn 517.

Gorge Hotel—W. Norris 517, F. Welsh 480, E. Borde 296, W. Sturken 319, M. Lawson 525, R. Turner 270.

TEAMS TRAVEL

Thirteen Victoria teams will travel to Vancouver on May 16 to participate in the annual Evergreen tenpin tournament. Six will compete in class A, six in class B and one in class C.

The teams and their personnel follow:

CLASS A

Watson's Men's Wear—W. Hancock, W. Johnston, H. Stuart, M. Mape, A. Nelson and C. Holmes.

Buxton's Six-Millers—J. Bell, C. Marks, A. White, W. Shoultice, H. Brunell and W. Swenson.

The Daily Colonist—W. Templeton, A. Anderson, R. Elwood, A. Hawkins and C. Chislett.

Arcade Seniors—H. Paulding, A. Riddell, J. Howell, J. Ferguson and A. Porter.

Palm Dairies—D. Barr, H. Bryan, F. Barrie, C. Dixon, J. Lynch and K. Munn.

Poodle Dog Cafe—I. Malcolm, C. Steele, A. Manson, H. Moulton and J. Quinn.

CLASS B

Tillicum A—R. Barnes, I. Donaldson, L. Colton, B. Johnston and R. Lawson.

Tillicum B—J. Caddell, J. Bacon, G. Robertson, R. Knott and S. Jenkins.

Gorge Hotel—W. Norris, E. Borde, W. Sturken, R. Turner and F. Welsh.

Coach and Horses Hotel—A. Morgan, A. Quinn, R. Heal, J. Polner, H. Holness and A. Nunn.

Northwestern Creamery—A. Tripp, A. Borthwick, E. Ruell, R. Semple and A. Spouse.

Dore's Halfway House—K. Craig, B. Bryan, J. Bonner, T. Cole, R. Rivers and D. Oliver.

CLASS C

Douglas Cafe—A. Provan, R. Mercer, G. Lindquist, D. Smith and W. Davis.

Dr. McInnes in Links Victory

Top honors in the B.C. Dental Association golf tourney, Saturday, went to Victoria's Dr. Angus McInnes, paragon in every sport that came along, in his younger days, and now a pretty fair golfer.

The local dentist turned in the lowest gross score of the day while Dr. J. Chambers, New Westminster, came up with the best net for Colwood's 18 holes. McInnes was presented with the cup.

Complete list of prizewinners in the tournament follow: Dr. A. McInnes, low gross; Dr. D. Searle, Vancouver, runner-up low gross; Dr. J. Chambers, New Westminster, low net; Dr. G. Snider, Vancouver, runner-up low net; Dr. E. McDonald, best score, 24 handicap; Dr. H. Clark, highest score; Dr. B. Nickells, runner-up highest score; Dr. F. McAuley, Seattle, best score American guest; Dr. R. Stewart, Vancouver, best poker hand; Dr. A. J. Garesche, best all-round golf sport.

A Yank in the Sox

Yank Terry, Boston Red Sox right-hander, made his 1942 debut by holding the New York Yankees to three hits, snapping a four-game winning streak. Terry won 26 games for San Diego last year.

Dodgers Turn 'Bums' Again

Drop Four Straight

Brooklyn's Dodgers seem to be 'dem-bums' again today.

The heroes of Flatbush absorbed a double trimming Sunday from the gas house gang in St. Louis, 14 to 10 and 4 to 2 after losing Friday and Saturday to the National League's second-place Pittsburgh Pirates.

The St. Louis double bill produced the typical Dodger trimmings. Manager Leo Durocher and fat Freddy Fitzsimmons were banished from the first game—it lasted three hours and six minutes—for continuing an argument with the umpires from the bench. Their spirit seemed to infect Manager Billy Southworth of the Cardinals and he was thumbed off the field for protesting the calling of a ball. In the second game it lasted 5½ innings when it was called because of darkness.

Dodgers Dolph Camilli and Whitlow Wyatt were sent to the showers for arguing with an umpire. The big bat of Cardinal catcher Ken O'Dea decided the first contest. He homered off Wyatt in the first inning with the bases loaded and then in the seventh with the count knotted 10 to 10 and the bases loaded on an error and two walks he slammed out a double and drove in three runs.

Pittsburgh racked up a 6 to 2 win over Boston Braves in the first game of their double bill in the Smoky City to boost a three-game winning streak but the beanthrowing boys broke loose in the second game to swarm all over three Buc hurlers with a 14-hit attack for a 12 to 3 triumph.

GIANTS BEAT REDS

New York Giants made their first trip of the current season to Cincinnati and edged out the lowly Reds 5 to 4. They tallied all their runs in the first two innings, driving Bucky Walters from the mound, and then staved off a ninth-inning blast by the Reds to win.

New York's world champion Yankees moved within half a game of the second-place Detroit Tigers in the American League by whipping the lowly Chicago White Sox 6 to 4 and 3 to 1. Charles (Red) Ruffing needed help from fireman Johnny Murphy to come out on top in the opener while Atley Donald won the second by scattering seven White Sox hits.

Boston's Red Sox called a halt to the 13-game winning streak of the first-place Cleveland Indians with an 8 to 4 triumph which marked pitcher Charlie Wagner's third straight-hurling triumph of the season.

Detroit Tigers divided a twin-bill with the Philadelphia Athletics. Rudy York hit two home runs, in successive times at bat, to help Tigers win the first game 8 to 7. In the second Canadian Phil Marchildon held Detroit to two hits to score a 1 to 0 win.

Seattle held firmly to its lead in the Coast League with a double victory over Hollywood Sunday.

Top-ranking, pitching, coupled with the visitors' errors, earned the champion Rainiers 7 to 2 and 5 to 1 victories. Dick Barrett scored his sixth win of the season in the first game. He has lost only one game so far. Floyd Bevens pitched the seven-inning nightcap.

Los Angeles, running a close second in the league, also won its Sunday doubleheader, defeating San Diego 1 to 0 and 3 to 2.

San Francisco and Sacramento split their Sunday games, San Francisco winning the first, 7 to 1. Sacramento the second, 1 to 0.

At Portland, the home team snatched a 2 to 1 victory in the snafu-filled nightcap after dropping the first to Oakland, 6 to 5.

MAYNARD CUP GOLF

In the first round of the annual Maynard Cup tournament at the Gorge Golf Club Sunday, A. Wright and F. Wakeham tied for the lead, each with net scores of 73. J. Goodman and Ernie Brachard tied for runner-up positions with 75's. Next in line were B. Frantling and Jack Caddel with 76's.

Dominoes Head for Home With Canadian Cage Title

Baker High Scorer In Third Win

MONTREAL (CP)—Victoria Dominoes left for home Sunday night with the Montreal Trophy, emblematic of the Dominion senior basketball title, after capturing the championship here Saturday night with a 40 to 33 win over Montreal Ollers in the fourth game of the Dominion senior best-of-five final. They won the series three games to one.

It didn't take the western champions long before they took a commanding lead in the opening half and from there on they coasted to an easy victory.

After the game, Dave Nicol, manager of the Dominoes, said he was "satisfied with the officiating in the game. Nicol protested against the refereeing after his team had lost the second game of the series. Chuck Malls and Frank Ulley were the officials through the series.

At the end of the game, T. Doug Robertson, a past president of the Canadian Amateur Basketball Association, presented the Montreal Cup to captain Chuck Chapman of the smart west coast quintette.

FERRARO TOP MAN

Playing coach Johnny Ferraro was the leading scorer Saturday night. Ferraro, a star football player with Montreal teams for the last half dozen years, tallied 17 points, seven field goals and three free shots. Norm Baker led Dominoes with 14 points.

Chuck Chapman opened the scoring for Victoria with less than a minute gone in the opening with a free shot, but two quick baskets by Ferraro shot the Montrealers into a 4 to 1 edge which was stretched to 6 to 1 as Ferraro and Bob Irwin shot in a free throw apiece.

The Dominoes started to roll then and before many minutes had elapsed they took a lead which they never yielded.

After the western champs had taken a 10 to 9 advantage, successive baskets by Chuck Chapman and Norm Baker gave them a 14 to 9 lead which Ronnie Wilson of the Ollers cut down to 14 to 11 with a long shot.

INCREASE LEAD

The Dominoes slowly increased their edge as the first half was in its last stages and as the half time whistle sounded they held a 21 to 14 lead.

Chuck Chapman and Baker shot the westerners into a 24 to 14 advantage as the final session got under way but Wilson snapped in two baskets for the Ollers.

The teams split the scoring about evenly from then on. Although they put on a determined offensive towards the end of the tilt, the Montrealers shot wide of the basket repeatedly.

Dominoes lost Chuck Chapman and Baker for committing four fouls with only a few seconds remaining in the game but two replacements, Don Woodhouse and Alan Wright worked in well on the Victoria defence.

HODGES CUP PLAY

Second round of the Hodges Cup competition for women members was played at the Gorge Vale Golf Club Sunday.

Results follow:

Mrs. C. N. High beat Mrs. L. G. Graham, 6 and 5.

Miss I. Austin beat Miss D. Kitt, 3 and 2.

Miss D. Grubb beat Mrs. E. Peden, 3 and 1.

Mrs. J. Cunningham beat Miss C. L. Harris, 2 up.

Miss I. Jarvis beat Mrs. R. Bennett, 3 and 2.

Mrs. C. Hulke beat Mrs. D. Fanthorpe, 3 and 2.

Mrs. G. Rice beat Mrs. D. R. Hurdle, 3 and 1.

Mrs. J. Fanthorpe beat Miss H. Kitt, 3 and 2.

Third round will be played on or before May 10.

Draw follows:

Mrs. C. N. High vs. Miss I. Austin.

Miss D. Grubb vs. Mrs. J. Cunningham.

Miss I. Jarvis vs. Mrs. C. Hulke.

Mrs. G. Rice vs. Mrs. J. Fanthorpe.

HOLE IN ONE

While playing in a mixed foursome with her husband and Mr. and Mrs. R. J. Burland, Mrs. H. J. Humphry of Toronto scored a hole in one on the seventh hole at the Colwood Golf Club Sunday.

FINAL VICTORY

MONTREAL (CP)—Big score of Saturday night's Victoria Dominoes-Montreal Ollers basketball game follows:

Team	P.O.	F.T.	P.F.	P.

'JUNGLE BOOK'
HELD OVER

"Jungle Book" has been held
over at the Oak Bay and Plaza
Theatres.

Here are some of the things
Sabu, daring young star, was
called upon to do in the produc-
tion of the film. He had to pal
around with a tiger, a half dozen
recently captured timber wolves,
three vicious black panthers, two
cobras, a 23-foot python, a bear,
a couple of water buffalo and
innumerable crocodiles.

When the story was first dis-
cussed, someone suggested that
professional animal trainers
they reckoned wrong, for Sabu
in the most dangerous spots. But
they reckoned wrong, for Sabu
is a small chap, and animal
trainers do not come in small
sizes. So it was up to Sabu
to do everything himself.

'THE BIG GUY'
SCREENED AT RIO

Presenting Victor McLaglen
and Jackie Cooper in a story
which blends fast action and
thrills with heart-throbbing
drama, Universal's "The Big
Guy" opens today at the Rio
Theatre.

The supporting cast features
Ona Munson, Peggy Moran, Ed
Brophy and Russell Hicks.
McLaglen is seen as the warden
of a great penitentiary. Cooper
portrays an ambitious
young mechanic who, through a
strange twist of fate, becomes
involved in the escape of two
convicts.

SARONG GIRL
STOPS FLEET

"The Fleet's In," the new
comedy with music, is now at
the Capitol Theatre, as Para-
mount's two-ocean navy of en-
tertainment.

Topping the choice entertain-
ment crew are stars Dorothy La-
mour, William Holden and Eddie
Bracken, whose performances are
as zesty as ocean breezes. In-
cluded in the large cast of fun
and melody specialists are Betty
Hutton, No. 1 jitterbug; Betty
Jane Rhodes, song stylist; Leif
Erickson, popular laugh-getter
fresh from "Nothing But the
Truth"; Jimmy Dorsey and his
orchestra, featuring vocalists Bob
Eberly and Helen O'Connell; Cass
Daley, eccentric singer of novelty
songs; Gil Lamb, who's hilarious
with a harmonica; shapely Bar-
bara Britton, and the comedy
dance team of Lorraine and Rog-
nan.

The millions of Lamour fans
who have followed Rita through
jungle and tropical island adven-
tures are going to generate new
enthusiasm for this film queen.

Veidt Doubles
In 'Nazi Agent'

Conrad Veidt is the latest of
M-G-M stars to play a dual role,
Veidt offering his double charac-
terization in "Nazi Agent," which
opens tomorrow at the Dominion
Theatre.

In "Nazi Agent," Veidt plays
the parts of twin brothers, one
a kindly, patriotic stamp collector,
the other the ruthless head of a
criminal ring who uses his
brother as a tool. An ingenious
masquerade upon the part of
the stamp collector foils the oper-

ations of the nefarious organiza-
tion.

Prominent in the supporting
cast are Frank Reicher, Dorothy
Tree, Ivan Simpson, William Tan-
nen, Martin Kosleck, Marc Law-
rence and Sidney Blackmer.

SHOWING AT YORK

Sixteen-year-old Rita Quigley,
who stood by for five years while
her younger sister, Juanita, won
the family honor as a child star-
let, blossomed out in true Cin-
derella style to win her first film
role. She appears as the lone-
some, unwanted child of a
Crawford and Frederic March in
"Susan and God," the third most
important part in the picture.

Asks Co-operation

A.R.P. activities in James Bay district Wednesday night will be a practice and not a demonstration, Inspector A. H. Bishop, civilian protection officer, said today. He urged the public to co-operate in retiring to their home shelters and blacking out their lights as much as possible. No official blackout has been announced, but Inspector Bishop pointed out that to make the practice as realistic and valuable as possible a blackout was necessary. District wardens are therefore going from house to house requesting citizens to observe a blackout Wednesday night.

Inspector Bishop also requested the co-operation of the public in keeping clear of the district control centre so as in no way to impede the work of the A.R.P. wardens and auxiliary services.

The James Bay practice is the first of a series of 10 tests which will be staged Wednesday nights in Victoria A.R.P. districts. All divisions of the city A.R.P. organization will take part in the practices.

OFFICER PLANNING RECRUITING TOUR

Result of the plebiscite held on April 27 giving the government power to call men up for compulsory overseas service in the forces has had no effect on recruiting, states Lt. Col. H. E. Goodman, recruiting officer for M.D. 11. Figures for April show a total of 614 men attested for the active army, which says Lt. Col. Goodman, is in line with March.

With the object of stimulating recruiting throughout the province, Lt. Col. Goodman today started a tour which will take him to Prince Rupert, Prince George, Quesnelle, Williams Lake, Kamloops and Vernon.

At the centres named he will hold a series of short meetings with civilian recruiting committees and official recruiting personnel.

At Prince Rupert, Lt. Col. Goodman will be joined by Major A. S. Parkes of the M.D. 11 recruiting staff who will extend his territory to embrace the C.N.R. line east of McBride and south to Williams Lake. Major R. E. Gale, M.C., at present in charge of recruiting at Prince George will be transferred to Vernon to take charge of the Okanagan and Kamloops districts.

Teacher Shortage Growing Serious

B.C. is facing a serious shortage of teachers and the only satisfaction to be found in the situation is that the shortage is worse in other parts of Canada, Hon. H. G. T. Perry, Minister of Education, said today.

"Frankly, I don't know what we're going to do," the minister said. "What I'm hoping to do is consolidate many of the rural schools into larger administrative units—every inspector has been requested to supply information in this regard. Chief problem, if this is done will be transportation."

The minister said at the present moment there is a shortage of 75 qualified teachers. By September this number is expected to reach between 140 and 150.

The shortage is only being felt in rural districts; there is no shortage in the large areas, the minister said.

Many high school pupils throughout the province are offering their services to farmers and will leave their classes May 1 and will not return until Nov. 1, the minister said. In Penticton area 187 boys and girls have offered their services as follows: Penticton 61, Summerland 64, Princeton 16, Keremeos 16 and Oliver 70. These pupils will go anywhere in the province to help on the land. In addition 94 Oliver pupils volunteered to serve on the land at home.

Col. J. Sclater Fine Career Ends

Lt. Col. James Sclater, D.S.O., V.D., British Columbia pioneer, Great War veteran and veteran of the C.P.R., passed away this morning at the Royal Jubilee Hospital, in his 76th year, after a long illness.

Col. Sclater was born in Kirkwall, Orkney Islands, and came to Vancouver from Scotland in 1889, entering the service of the Canadian Pacific Railway as a ticket clerk. In 1904 he secured a commission in the 6th Regiment, Duke of Connaught's Own Rifles, and won renown as a rifle shot, going to Bisley several times to compete in the international meets.

LATE LT. COL. J. SCLATER

On the outbreak of war in 1914 he went into uniform and proceeded overseas as a major with the 29th (Vancouver) Battalion. He brought sniping to perfection on the Western Front and at headquarters of the 2nd Army at Cassell, was chosen as commander of a sniping school. Gen. Plumer, commander of the 2nd Army, had an unpleasant experience with snipers when visiting troops at the front and decided to develop sniping in the 2nd Army. Col. Sclater was chosen by each of the fifth corps in the 2nd Army. This was in January, 1916.

The school was started at Mont des Cats, and was an innovation in army instruction. It was visited early in 1916 by Sir Douglas Haig, the commander-in-chief. He asked for a full report on the school and two weeks later it received approval from the war office, and the 1st, 3rd, 4th and 5th Armies were ordered to conform.

Col. Sclater remained as commandant until November, 1917, when he was transferred with the 2nd Army to Italy. He established a school, similar to the French one, in Italy. British officers and N.C.O.'s, as well as Italian and French officers, were trained.

The staff of the Belgian Army School was instructed in the French school as well as officers of the American army during 1917. In recognition of this service Col. Sclater was presented by General Plumer with the first rifle captured from the Austrians by the British.

PROHIBITION CHIEF

Upon returning to Vancouver in 1919, Col. Sclater was appointed Prohibition Commissioner for British Columbia. Two years later he resigned and went to Sydney, N.S.W., where he served as C.P.R. representative for Australia and New Zealand. On his retirement in 1936 he returned to Victoria to make his home, and prior to his departure from Sydney was honored at a testimonial dinner arranged by representative government and transportation officials and leading business men.

He was a popular member of the Union Club and the Uplands Golf Club, and of the Fourandex. His eldest son, Jim, was killed while going "over the top" with his father during the Great War. Other relatives surviving are three daughters: Mrs. Mary Harvey, at the family residence, 960 Joan Crescent; Mrs. P. L. Binzay, Seattle; Mrs. Haigh Miller, Adelaide, South Australia, and two sons, John and William, in Vancouver.

Funeral arrangements will be announced later.

Auto and street car were damaged considerably, at 5:20 Saturday afternoon, when they collided while travelling east on Fort Street between Quadra and Vancouver. The car, driven by Robert Hamilton, 841 Richmond Road, passed the No. 1 street car, going in the same direction, and swerved in front of it. The street car hit the auto, pushing it sideways up the street. No one was hurt. A Gagnon, 2094 Brighton Avenue, was the street car driver.

'Singer Must Have Good Memory'—Thomas

"To sing successfully, one must have a good memory," says John Charles Thomas, famous Metropolitan baritone, who reached the city today to give a recital this evening at the Royal Victoria Theatre.

Memory experts have marvelled at the number of musical compositions a concert artist must have at his command.

Mr. Thomas is able to sing 500 songs at a moment's notice without notes.

"I think the average professional singer has a memory far better than the average business man—it's a necessity," declared the singer.

"A businessman may have a good card-index, or a secretary with a mind for details; but a singer has to stand out in front of an audience and deliver the goods without any assistance and often enough under trying conditions. The accompanist, of course, can help a great deal, but generally he has quite enough to do if he plays his own part well."

MUST TRAIN MIND

"In some cases," said Mr. Thomas, "it is a God-given gift, but for myself, I have made it a business to learn how to memorize. Most people do not seem to understand that a singer, to gain substantial success, must have a trained mind. Business executives train their brain to respond quickly and accurately to every demand. The singer must go through a similar period of mental application."

"I am frequently asked just what should a singer memorize," said the baritone. "I should say not more than 50 new pieces ready at any time for public performance."

"But in the permanent repertoire must be kept the best modern French songs, the stand-out German lieder, a few good Russian songs, Italian and French operatic arias, old English and Italian airs and, of course, the folk songs of all nations. Sure, I know it looks formidable and is scheduled to leave off any lazy singer; but in reality you pick them up easily over a space of time, and it isn't too painful a process."

The singing of grand opera in English is championed by Mr. Thomas, but, says he, "the problem of translating foreign operas into English is not one to be taken lightly. It's a difficult task and one which can be accomplished successfully only by the most expert linguist and lyricist working in conjunction with a musician who understands the necessity for proper vocal

sounds and the importance of accent. Properly placed vowel sounds are to the singer what wings are to an airplane or color to a painter."

BATHROOM BARITONE

Mr. Thomas, not unlike thousands of less celebrated people, invariably sings in his shower. He's not practicing when he does it. Just letting off exuberant spirits.

He likes to eat peanuts, particularly at baseball games.

A cook of no mean ability, he often dons a real chef's cap and apron, retires to the kitchen and prepares a bang-up meal for his guests. He prides himself especially on a complicated spaghetti sauce.

He is a great lover of the out-of-doors—participates in just about every sport popular in this country. Golfing and yachting are his favorites. He has gone around the course with Bobby Jones—played tennis with Big Bill Tilden.

He owns a beautiful 101-foot yacht, upon which he lives much of the year. Strapped down on the deck is a snappy racer. This is his pet toy. He has won many important races with her.

When the proper seasons are on, he hunts and fishes very seriously. When in New York for the Metropolitan or on tour he exercises on a portable rowing machine.

He plays the piano, enjoys a good joke, tells a splendid story. He loves to motor through the country at the wheel of a powerful car.

He dresses comfortably and in what the sartorially correct would call the best possible taste.

This man, who is as great an artist at living as he is at singing, finds life brimming over with exciting things to do.

"I Love Life" is one of his favorite songs—and it just about expresses him perfectly.

Mr. Thomas is a keen golfer. "I am going to play 18 holes at Oak Bay this afternoon with Phil Taylor, Roger Hager and my wife," he said.

Tonight Mr. Thomas will sing to a packed house at the Royal Victoria Theatre.

Tomorrow evening he said he will sing for the army boys here. He sings at Vancouver Thursday and then his tour comes to an end.

Then he will go into rehearsal for the stage play, "Music in the Air," in which he will take the principal singing role.

This production will open at Los Angeles May 29.

George Laramée 105 Tuesday

GEORGE LARAMEE

Although he is just recovering after a few days in hospital, George Laramée said today he was feeling fine and looking forward to celebrating his 105th birthday Tuesday.

Hale and hearty, he has a twinkle in his eye and a zest for life despite the fact he is Victoria's oldest citizen. He walks with a light step, uses no cane, comes to town now and again. He says he has a good appetite. He is staying at the home of W. J. Dorman, 2369 Florence Street. He will celebrate his birthday there Tuesday.

Mr. Laramée was born near Montreal, May 5, 1837. He says he has never attempted to remember his age from year to year but has remembered the date of his birth. He was a first cousin of the late Sir Wilfrid Laurier, one time Liberal Prime Minister of Canada.

Although uneducated—he neither reads nor writes—Mr. Laramée has had a varied career, and known famous men. For some time he worked in a tobacco factory in Montreal. A fellow workman, he said, was Thomas A. Edison, who later became the world famous inventor.

He is amazingly bright and cheerful although he says that since he quit gardening in 1939

Dentists Complete 2-Day Convention

Delegates to the two-day British Columbia Dental Association annual convention and dental assistance wound up their stay in Victoria Saturday, with tea at the Oak Bay Beach Hotel and golf at the Royal Colwood Golf Club during the afternoon.

Dr. J. C. A. Harding, past president of the Southern California Dental Association and guest speaker at the convention, gave the closing lecture on the economics of dental practice. Clinics were conducted by Dr. C. T. Fleetwood, Dr. Bernard Jankelson, Dr. C. J. Ballard, Dr. O. A. Anderson and Dr. William Anderson, all of Seattle. The Canadian Dental Corps clinic on jaw fractures and clinics by the Vancouver Diagnostic Sturdy Club, were also staged Saturday.

Delegates to the convention came from all parts of British Columbia. They numbered about 125.

Sector 7, District 2A West, Fairfield wardens will meet in Sir James Douglas auditorium Tuesday evening at 8 when a lecture will be given on "Construction of Basement Shelters."

The days sometimes pass slowly. Although he traveled to Montreal in 1939, to visit the land of his birth and upbringing, Mr. Laramée has no desire to return—especially during cold weather.

OBITUARY

LYNN—Rev. Hugh A. McLeod will officiate at funeral services for Mrs. Mary Kirkwood Lynn at McCall Bros' Funeral Chapel at 2 Tuesday afternoon. Burial at Royal Oak.

BROWN—Peter L. Brown, veteran Canadian newspaperman, died at his home in Toronto, Sunday, following a long illness. He was 59 and a native of Scotland. Several years ago he published Peter Brown's Weekly, and at one time he was the publisher of the weekly Jack Canuck.

FORRESTA—Pte. John Forresta, aged 35, a native of Foria, Italy, died Friday at Esquimalt Military Hospital. Pte. Forresta, who was attached to the Officers' Training Corps, Gordon Head, is survived by his wife at Nanaimo. The remains were forwarded from S. J. Curry and Son Funeral Home today to Nanaimo for funeral service and burial.

WONG HOO—Funeral was held today for Wong Hoo, age 63, who died last Tuesday. A native of Canton, China, he had lived in Victoria for 40 years, his residence being 345 Fisgard Street. He is survived by his wife and family in China. Rev. Moi Fong Leung conducted the funeral service from Thomson Funeral Chapel. Interment at Chinese Cemetery.

CLARKE—Mrs. Jane Clarke, aged 77, 460 Chester Street, died Saturday. Born at Malvern, Worcestershire, England, Mrs. Clarke had lived in Victoria 23 years. She is survived by two daughters, Miss Enid L. Clarke, and Mrs. Sybil Blyth, and one grandson, all in Victoria. Pastor E. W. Robinson will officiate at funeral services at the Glad Tidings Tabernacle, North Park Street, at 2 Tuesday afternoon. Burial at Royal Oak. S. J. Curry and Sons have charge.

SMART—James A. Smart, a former member of the Manitoba cabinet and a former federal deputy minister, died in Montreal Sunday in his 84th year. He had been ill for several years. Mr. Smart was born in Brockville, Ont. He went to Manitoba in 1880 and started his political career two years later when he was elected an alderman of Brandon. Three years later he was mayor of the town. In 1886 he joined the provincial cabinet as Minister of Public Works and later became Provincial Secretary. From 1897 to 1940 he served as deputy minister of the interior for the Dominion government and in 1902 he acted as administrator of the Yukon. For the past 37 years he had lived in Montreal.

Harvard Honor For G. N. Perry

High honor has come to Gordon Neil Perry, director of the Bureau of Economics and Statistics of the B.C. Trade and Industry Department, but he is not yet sure whether he can accept.

He has been chosen one of 17 Canadians and Americans from 150 candidates as fellow-chip recipients for study of basic governmental problems at Harvard University.

Announcement of the award was made Saturday in Cambridge, Mass., by Dean John Williams of the famous university which numbers President Roosevelt among its graduates.

WAR PROBLEMS

B.C.'s war problems and determination to plan for the day when thousands of men and women will be returned to civilian life may keep Mr. Perry here and force him to turn down a year's study at Harvard, commencing in October.

It is a well-known fact, although nothing has been stated publicly that the B.C. Rehabilitation Council is anxious to secure the full-time services of Mr. Perry in its planning for post-war conditions.

Mr. Perry intimated today that he must decide whether he can be of most service after a year at Harvard or in B.C. during the next 18 months planning for peace.

"I can't say yet what I will do," he said today. "It all depends on circumstances. If all is clear, I'd certainly like to go. If I turn it down it eliminates future possibilities. But I must consider the matter under wartime conditions. However, I do appreciate the award—it's a very great honor in itself."

BORN HERE

Mr. Perry was born in Victoria 32 years ago, son of Mrs. Agnes M. Perry, 934 Empress Avenue. He graduated from U.B.C. with a B.A. degree and in 1934 was appointed secretary of the B.C. Economic Council. In

1938 he assumed his present position as the economics bureau director.

To gain the fellowship he wrote two essays setting out why he would like a year at Harvard and dealing with the economic problems of Canadian Confederation.

Only other Canadians chosen are Alexander J. Boudreau of the Department of Fisheries at Ottawa and Leland S. Albright Jr. of Toronto.

A chesterfield and chair were destroyed, and considerable damage was done to the floor and walls, when a fire broke out in the living-room of M. S. Lawson's house, 247 Maddock Avenue today. Saanich fire department received the call at 5:27 and arrived in time to keep the blaze from spreading beyond the living-room.

A fire of undetermined origin destroyed the garage and 1940 Plymouth car of Francis Daniels, 949 Woolaston Street, early Sunday morning. The Esquimalt fire department received the call at 4, but by the time they had arrived the frame structure was completely demolished. However, they prevented the flames from spreading to adjoining houses.

Expect Vance Back Within Few Days

Chief John A. McLellan of the city police said today he expected Inspector J. F. C. Vance, Vancouver, would return to Victoria within a few days to submit his report on the death of John Blair Creagh, taxi driver, who was killed when his car ploughed off Langford Street, April 25.

Before he left for Vancouver, Friday midnight, Inspector Vance declined to make a statement until he had completed his investigation. Police are still anxious to contact Creagh's last fare, who phoned for the cab from the Pickwick stand at 157 on the morning of the driver's death.

Boys and girls of James Bay School are collecting old rubber as their share of the salvage effort. Fat is being collected by pupils of Moss Street School.

Tea-Sipping Dog

To Get No Sugar
NEW YORK (AP)—A tea-sipping dog will simply have to learn to use lemon instead of sugar.
A local rationing board made this determined decision today when a woman applied for a war ration book for her pet poodle. She said the dog had tea with sugar three times a day.
"The dog is accustomed to sugar," the woman icily replied when asked if it couldn't get along without it. Just as icily, the board said "No!"

STEEL WORKERS STAND BY MURRAY

PITTSBURGH (AP)—Philip Murray, president of the Congress of Industrial Organizations, today had a vote of confidence from the Steel Workers' Organizing Committee in which the C.I.O. steel workers declared they would not tolerate any attempt to "undermine his leadership."

Four hundred S.W.O.C. delegates, meeting Sunday, adopted a resolution expressing "deep gratitude and loyalty" to Murray, their chairman, and adding that they "will not tolerate the activities of any individual or group of individuals to disrupt the unity of our organization."

The conferees took no action in regard to President Roosevelt's proposed wage stabilization program. Murray commented later at a press conference that both the C.I.O. and A.F.L. had expressed "unalterable opposition to national wage freezing."

Remarking he had read headlines to the effect he was in "bitter disagreement" with President Roosevelt, Murray continued:

"I hasten to say that the President and I are not at odds. I'm one of those persons who might even disagree with a President of the United States, but the fact that I have disagreed about policy does not mean that such disagreement has brought about a parting of the ways. I would lose my shirt today to help the President win the war."

COKEBURG, Pa. (AP)—C.I.O. President Philip Murray in a 90-minute address which took his closest associates by surprise, defended his administration from a "whispering campaign he attributed to paid purveyors of poison."

Without mentioning John L. Lewis by name, Murray left no doubt among his listeners in a dusty, little miners' union local hall that his defence of his C.I.O. stewardship was directed at the United Mine Workers' leader.

His emotions overcoming him as he addressed miners with whom he once worked in the coal pits, the 55-year-old leader of 5,000,000 unionists broke down and wept when he said he hoped "I am given the chance to live and die and fight for, and with, the miners."

Murray's hope to remain with the miners apparently referred to reports that Lewis, president of the U.M.W., is planning to oust him from the vice-presidency of the union, his only salaried union job.

BRITISH SUBS TAKE BIG TOLL
By FOSTER BARCLAY
A BRITISH PORT (CP)—Flying "Jolly Roger" flags, decorated with symbols denoting victories over enemy shipping, the submarines Utmost and Talisman have arrived home after months of undersea adventure and excitement in the Atlantic and Mediterranean. Their "kill" included at least 12 ships, a cruiser and a submarine.

Around the grinning skull and crossbones of the Utmost were eight white bars for torpedoed vessels, a red bar for an Italian cruiser of the Trieste class, a red bar for a successful gun action and eight daggers for other victories. The Talisman's "Jolly Roger" bore four white bars, crossed guns with a star for a successful shelling duel with a destroyer and a "U" with a bar through it for the destruction of a submarine.

DODGED DEPTH CHARGES
The Utmost, at sea for 15 months, sank the cruiser during a daring attack on a heavily escorted convoy and then weathered a fierce counter-blow launched by destroyers and other surface craft.

"Eighty-four depth charges were dropped around us," a seaman recalled. "One of our torpedoes was seen to strike home before we dived and a column of flame rose 200 feet. Later an R.A.F. pilot confirmed the kill."

"The biggest shaking we experienced during patrols was when we torpedoed an Italian ammunition ship. It blew up with a terrific roar and we heard debris falling in the sea all around. Our lights went and a hunk of flying soap hit the navigator behind the ear."

The Talisman, which patrolled 26,813 miles before being recalled home for a refit, was transferred to the Middle East a year ago after searching in vain for the German warships Gneisenau and Scharnhorst, preying on merchant shipping in the Atlantic. Then followed months of thrills-packed action during which the submarine was constantly attacked with depth charges and narrowly escaped destruction when a destroyer attempted to ram her.

"We sighted what we thought was a U-boat and fired three torpedoes, an officer said. "We loosed five shells and four hit what we imagined was a conning tower. The captain saw smoke and flames bursting out. We closed the range and found we were tackling an enemy destroyer. The destroyer turned to ram us but missed by about 50 feet as we dived."

FIGHT WITH U-BOAT
"It was a crash dive in every sense of the word. The crew piled down the hatches, a jumble of legs, bodies and arms. One ran along the casing, climbed to the bridge and fell down the conning tower hatch. We believed the destroyer was badly damaged, however, because her engine revolutions dropped from 250 a minute to 85."

"Then came our duel with a U-boat. It was simultaneous sighting at 700 yards, somewhere south of Crete. After an exchange of shots the U-boat captain must have decided to break off the action because he was in the act of diving when a shell caught him smack on the conning tower."

"Our course took us within 15 feet of the submarine and the commanding officer could see the red glow of flames in the interior of the boat beneath us. Then there was a soft muffled explosion and that was the end of the U-boat."

A.R.P. Activities

District 5C South—Dr. C. S. Beales will give a series of lectures on gas precaution measures. The first lecture will be held tonight at Hampton Hall at 8. All wardens, stretcher-bearers, messengers, first aid attendants and transportation workers are urged to attend the lectures.

LANGFORD A.R.P.
J. C. Nimmo presided at a recent meeting of No. 7 First Aid Post, Langford branch, held at headquarters, St. Aidan's, Island Highway. Miss Ruth Corbould, R.N., was elected officer in charge, with Stanley Clarke, assistant; Miss Elizabeth Welch, secretary-treasurer.

Practices will be held May 7 and every second Thursday thereafter.

Britain has a new underground for big bombers—a continuous track like the tread on a tank.

5C N. and 5C S.—Dr. C. S. Beales will conduct a series of four lectures on gases, commencing Tuesday at 8, at Hampton Hall, Burnside Road. These lectures deal fully with all the different types of gases, which may be used in present war. These lectures are all open to those who are interested.

U.S. Steel Mills Reach Output Peak
NEW YORK (AP)—Iron Age estimated today that steel mills in the United States will operate this week at 100 per cent of rated capacity, a record high figure under present output potential.

More scrap iron and steel is the main factor in the increased output, the trade journal said, some mills reporting modest reserves are being built up.

Iron Age said that judging from recent developments in the metals industry, "the stage is set for new and higher levels of activity which will prove to be among the war's decisive factors."

"Large sections of the aircraft industry are beginning to carry out important manoeuvres on new models and new materials which eventually are likely to form a startling chapter in aviation history," it said in its review of the week.

"At the same time the industry is expanding rapidly. The first complete aircraft plant of important size in the Chicago area will soon be in construction. The plant will be operated by Douglas Aircraft Co. and built with government funds. It will produce a large type of plane."

LONDON (CP) Cable—The Admiralty announced that 45 naval ratings and others were killed or missing and presumed killed in the loss of H.M.S. Heythrop and H.M. submarine H31. The H31 was reported lost last Jan. 24 and the Heythrop April 3.

Clumsy Truck Pointed Way to Automobile and Locomotive

What would you think if you saw a big three-wheeled truck in the road, making a speed of only two or three miles an hour? Most persons would think that the truck had no business on a public highway. It would "block" traffic. The modern world does not care for such slow-moving objects.

Yet a truck like that paved the way for two great inventions. It led to the automobile and the railway locomotive.

Nicholas Cugnot was the man who invented it, and it was tested 173 years ago. It could not run more than half a mile without stopping. When it came to a halt fuel was placed in the fire-box to get up more steam. Then the machine went forward again.

Cugnot was 44 years of age at the time of the test. He lived in Paris, and in that city built his clumsy truck. After changing the machine a little, he ran the speed up to four miles an hour.

An old record says that the last act of the truck was to bump into a stone wall.

People who saw Cugnot's truck said he did not have a "practical" invention. Little did they know the future!

Cugnot's machine was moved by a steam engine. The Scotsman, James Watt, greatly improved the steam engine, and in that way helped bring the day of the steam locomotive.

Less than half a century after Cugnot made his first test, England had a steam locomotive which would run on rails. It was called the "Puffing Billy," and how it did puff!

"Puffing Billy" was built by an Englishman named William Hedley. He was granted a patent for it in 1813, and tested it during the same year.

"Puffing Billy" had a large boiler, a fire-box and a smoke-stack, mounted on four wheels. The wheels had rims of smooth iron.

"Smooth iron wheels," said some persons, "will never work on iron rails. They are bound to slip."

Hedley wondered whether those persons were right. He made his test at a coal mine near the city of Newcastle.

The locomotive worked. It pulled a load of coal over the iron tracks.

THIS CURIOUS WORLD

By William Ferguson

Dorothy Dix's Letter Box

DEAR DOROTHY DIX—I am a widower, 57 years old, very much in love with a widow whom I consider my ideal in every way, but she is 20 years younger than I am. Do you think that the difference in our respective ages would be a bar to our happiness if we married? Do you think that we would stand a better chance of getting along and being happy together if neither of us had ever been married?

ANSWER—At your respective ages the difference of 20 years between you is negligible and not to be considered. In fact, a woman of 37, who has gone through the experiences of wifehood and the sorrow of losing her husband, is to all intents and purposes as old as a man of 57.

It is madness for a woman to marry a man 20 years younger than herself, because women age so much more rapidly than men, but, everything else being suitable, there is no reason at all why a woman should not marry a man a score of years older than herself. In fact, it is a good choice, because then she is always his young wife, and she does not have to martyrize herself counting her calories and being tortured in beauty parlors trying to keep young and prevent his eyes from straying to flappers.

Certainly the fact that you have both been married before will not keep you from being happy together. Of course you will miss the rapture, the romance and the circling wings of young love, but, on the other hand, you will escape the quarrels and the misunderstandings and jealousies that torture the young.

Widows and widowers have been through the school of matrimony and it leaves them wise and disciplined, and this is why second marriages are proverbially happy.

For 59 years "Puffing Billy" kept on hauling coal over tracks near Newcastle. Then the great old engine was sold to the British government. It was placed in a museum in London, where it has been seen by thousands of persons.

"MOM'S THE WORD"

Mother's Day is coming! A day of tribute to the grandest woman living—YOUR Mother.

There's no way ever to repay her tenderness, her sacrifices, her great love.

But we can—and will want to—do something special for Her on Her day.

To help you choose an APPROPRIATE gift, VICTORIA merchants have listed numerous timely suggestions in the Classified Ads of the TIMES.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "I drove a distance of two hundred miles today."
2. What is the correct pronunciation of "cigar"?
3. Which one of these words is misspelled? Omelet, omenous, omisable.
4. What does the word "subsistence" mean?
5. What is a word beginning with inf that means "firm in will or purpose"?

ANSWERS

1. Omit "a distance of."
2. Pronounce a-gar, i as in sit, a as in ah, accent last syllable, not the first, nor is it see-gar.
3. Omious. 4. Act or condition of existing. "Every man has by the law of nature a right to such a waste portion of the earth as is necessary for his subsistence."
5. Inflexible.

Black-Wood Finish Even in Exhibition
SPOKANE, Wash. (AP)—Corporal Bud Ward and his golfing partner, professional Neil Christian, birdied the 18th hole Sunday to wind up an exhibition match all even with amateur Ken Black and professional Freddie Wood of Vancouver, B.C.
The match was played for the benefit of the second air force athletic fund. A return engagement is set for Vancouver May 16 with the Canadian Red Cross as beneficiary.

Ward and Christian had a best ball of 65 and the Wood-Black combination had 66. Par for the Manito Club course, site of the match, is 72.
Corporal Bud, national amateur king, had an unofficial 68; Wood a 70, Black a 71 and Christian a 72.

BERKELEY, Calif. (AP)—Cornelius Warmerdam scored to a new world record Saturday by pole-vaulting 15 feet 6 1/2 inches, bettering all existing marks.
Although Warmerdam has a higher jump, 15 feet 7 1/4 inches, it was made indoors in Boston Feb. 14.

New Order Sets 2 Blackouts

According to the revised lighting and blackout regulations issued by Premier John Hart, Maj.-Gen. R. O. Alexander and W. C. Mainwaring, chairman of the advisory council, Provincial Civilian Protection Committee, there are two types of blackout.

The first, known as the "precautionary danger" blackout, will be announced by a continuous steady note of five minutes on the warning sirens. An "imminent danger" blackout will be announced by a falling or fluctuating note of five minutes on the sirens.

When it is known that raiding aircraft have withdrawn from any locality, sirens will sound the "change to precautionary" signal consisting of a continuous and steady note for three minutes' duration. No sirens will be used to announce the threat of attack has passed for the time being. When it is known that raiding aircraft have moved out of the area the message will be communicated to the public by the A.R.P. services, through the press or over the radio.

It is possible, although not probable, that the first warning to the public of an attack may be that of "immediate danger" blackout. A "precautionary blackout" may be enforced for several hours.

15-MILE SPEED LIMIT
No change has been made in regulations covering the movement of vehicles during a blackout. During a "precautionary blackout" automobiles may move on the streets with properly masked headlights at not over 15 miles per hour.

During an "imminent danger" blackout all traffic ceases except automobiles carrying permits. These permits are for driving during an air raid and are being issued only to vehicles necessary for public safety such as police, fire, ambulance, physicians and certain A.R.P. service cars.

A clause in the regulations restricts the use of the telephone during a blackout. If the A.R.P.

services are to function, it is necessary they have immediate access to the telephone service.
The new regulations are the result of careful study by B.C. authorities, Mr. Mainwaring said. They have been approved at Ottawa after conference between the Minister of Pensions and National Health and Inspector S. F. M. Moodie of the B.C. Police.

WEEKLY SHOOT
The Rainbow Rifle Club held its weekly shoot over the weekend. Scores, out of a possible 100, were: A class—W. Brown 96, W. Dunan 95, P. Mackenzie 94, R. Ferguson 93; B class—C. Brown 95, P. Bullivant 91, H. Robinson 90, K. Bruce 89; C class—W. Court 96, G. Rough 89, D. Tippett 85, R. Lawrence 83, J. Cleicer 83, B. Duncan 56 and B. Rogers 54.

\$16,000,000 Goes In Free Gifts

Since the beginning of the war in September, 1939, up until December 31, 1941, Major Harold Brown, chairman of the Canadian Red Cross campaign, points out that the Canadian people have given the Canadian Red Cross Society approximately \$16,000,000 to provide free gifts for members of the armed forces, prisoners of-war, British air-raid victims and disaster relief emergencies.

Comforts for armed forces, navy merchant marine, air-raid sufferers and hospital and medical supplies, 43.68 per cent; prisoners-of-war food parcels, covering cost of food supplies and shipping, 10.72 per cent; designated purposes including ambulances, mobile kitchens, blankets, hospital and medical supplies, and food sent to Britain, 6.07 per cent; building and equipping hospital at Taplow, England, 5.17 per cent; warehousing, packing and shipping in all divisions at ocean points and Great Britain, 4.07 per cent; disaster and emergencies, sundry war expenditures and grants, 1.03 per cent; campaign and publicity, 2.26 per cent; administration, 3.92 per cent; available funds remaining to finance society to time of campaign (six months), 23.08 per cent.

The Canadian Red Cross Society submits its audited statements to the auditor-general of Canada.

B.C. SCORES AT A.B.C.
COLUMBUS, O. (CP)—A singles score of 589 by Walter Lewis was the best showing by a group of Vancouver bowlers Saturday in the American Bowling Congress.

Lewis' total appeared to have put him in the running for a money prize. But the best doubles score, of 1,116 by Lewis and Edward Harold, was about 10 pins short of what it takes to win a low prize.

LAWN BOWLING
Saturday marked the official opening of the lawn bowling season at the Victoria Club greens, Beacon Hill, under the auspices of the Greater Victoria Association.

Harold A. Beckwith, president, welcomed visitors to the club and threw the first ball. Dave Dewar played the first "Jack." This was followed by a mixed rinks competition.

NARRAGANSETT PARK
Pawtucket, R.I. (CP)—No Competition won the feature race at Narragansett Park Saturday, the \$10,000 added Rhode Island Handicap. The W. E. Snyder entry paid \$16.70, \$8.80 and \$6.50. Second was J. Renick's Tragic Ending, paying \$10.10 and \$7.20, while R. Merritt's Bollingbroke was third, paying \$26.40.

Evangelist Flays Darwinian Theory

"While the evolutionist is looking for the 'missing link' that shall connect him with a race of brutes," said Evangelist Reeves, "I prefer to look for the link that shall bind me to the throne of God my Maker!"

The challenging statement was made by the evangelist in the course of an outspoken address at the Capitol Theatre Sunday evening. The address entitled "Adam or Ape? Which Was Your Ancestor?" was delivered before a large audience. The speaker, with the aid of some interesting screen pictures, sought to show that the evolutionary theory of human origins had broken down.

He quoted many leading scientific authorities to prove that the Darwinian theory was becoming more and more discredited by scientists.

Contending that the evolution theory was a system of speculation built upon unproved hypotheses and plausible guesswork, the evangelist quoted Professor Fleischmann, one of the greatest zoologists as saying, "The Darwinian theory of descent has not a single fact to confirm it in the realm of nature. It is not the result of scientific research, but is purely the product of the imagination."

The theories of science are changing all the time. We could not afford to give up faith in the Bible account of creation. The Creator brought forth each species or order of life "after his kind" and finally man, the masterpiece, was created in the image of God.

The teaching of evolution had

Vagrancy Wins Oaks

PIMLICO, Md. (AP)—Belair Stud's Vagrancy raced to a narrow victory in the 19th running of the \$10,000 added Pimlico Oaks before some 22,000 fans here Saturday.

Never worse than third in the seven-year field of three-year-old fillies that contested the rich purse over the mile and a sixteenth route, Vagrancy got her nose in front of the pace-making Chiquita Mai just beyond the 70-yard pole and then clung to her narrow advantage to earn the big end of the purse by a neck.

Garnering the third share of the spoils was A. A. Baroni's Bonnet Anne.

produced a race of materialists who had forgotten God. The war was largely due to the attempt of dictators to put into action the principle of evolution—the survival of the fittest, or "might is right." The call of the hour is to come back to the God of the Bible.

HOW TO RELIEVE PILE TORTURE QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from Modern Pharmacy, Cunningham Drug Stores, or any drugstore, and use as directed. This formula which is used internally in a small, easy-to-take tablet, will quickly relieve the itching and soreness and aid in healing the sore, tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

They serve again!

For three generations, the Red Cross has served a suffering humanity.

In the wake of flood, famine, disease and death it has ministered to the maimed, the wounded, the homeless and bereaved with courage, tenderness and love.

Once again this great army of mercy is on the march to relieve a suffering world. They ask your help!

In a few days the Canadian Red Cross will make an appeal for much needed funds.

When the canvasser calls won't you receive him cordially? Won't you give generously? Remember, only as you give can the Canadian Red Cross meet this great need.

GIVE- TO RELIEVE HUMAN SUFFERING!

ORIENT Beauty-Skin HOSIERY

A Canadian Company, founded, operated and financed entirely by Canadians in Canada.

Thousands now help themselves to health and that "good-to-be-alive" feeling by taking pleasant-tasting "Tonik" Wheat Germ daily.

"Tonik" Wheat Germ is the embryo or "life force" of the wheat, one of Nature's richest storehouses of the "B" Vitamins, specially treated to prevent deterioration of the valuable vitamin content. It can be taken with cereal, fruit, puddings, etc., or by itself. A month's supply costs but 50¢. Get it at your druggist or grocer.
